

## Principal Educator Announcement

### SEE Campus

It gives me great pleasure to announce the appointment of Krista Lee as the Principal Educator at the Southeast Elementary Campus. Krista has served as the Principal Educator at Northeast Elementary Campus since 2019. Prior to that she was Associate Principal and Learning Support teacher at the campus for the previous ten years. Krista holds a Bachelor's Degree in Education from the University of Calgary and a Master's Degree in Curriculum and Instruction from the University of Calgary.

Krista shares the following thought on taking on this role, "I am very grateful that I have had the opportunity to be a part of the NEE community for 14 years. Thank you to the fantastic staff, students and families for all the great memories. I will miss all of you! I am excited to serve the SEE community and the entire team at SEE."

We are extremely pleased that Krista has accepted this new challenge.

Kurtis Leinweber, Deputy Superintendent/Chief Operations Officer
