AGENDA

CALL TO ORDER: 6:30 p.m.

LAND ACKNOWLEDGEMENT (Matvey P. - SWE Student Presenter)

- 1. Review of Meeting Agenda
- 2. Approval of Consent Agenda
 - Public Board Meeting Minutes of June 21, 2023

Consent Agenda MOTION **2023-10-04-1CA** MOVED by Vice-Chair Hill and seconded by Director Lakhani that the Consent Agenda for October 4, 2023, be approved by the Board as presented. CARRIED.

- 3. "Have Courage and Live your Adventure" (Zoey V. SWE Student Presenter)
 - "Have Courage and Live Your Adventure" is the theme which helps coordinate character and wellness learning
 - Theme was shared on organizational day and then connected to character and wellness learning- this year will be an adventure and draw the community together
 - The C&W committee took the inspiration of courage and adventure and looked for
 - The outcomes to be developed
 - Matched with FFCA character outcomes and AB wellness outcomes
 - Mapped out the course of the year
 - o Identified critical questions for students to experience
 - Could be an academic adventure or a courage-based adventure
 - Welcome back BBQ, words of inspiration, make a first-day friend
 - Coaching finding the courage to ask for help teacher leaders are supporting students in this work
- 4. Superintendent's Report
 - Kurtis Leinweber is on leave (Fall 2023)
 - Activties Update:
 - Welcome Back breakfast in September was focused on inclusion, very successful
 - Board Crawl for South Campuses in September Board and Senior Admin visited 4 campuses and met with students and teachers

- FFCA Society Update:
 - Last year (2022-23 school year), we underwent a complete legal review of the Society's Bylaws and policies. The Bylaws are now approved and official. Policies are still going through the three readings and have been posted for society's feedback.
 - FFCA Charter: FFCA is in the 12th year of a 15-year Charter. FFCA and Connect were the first to receive a 15-year charter renewal; in year 12, the Minister of Education conducts an evaluation to determine charter renewal. Sr Admin has had two meetings with the Ministry, and an external review will be done November 22 to 24 this will include a visit to all three campus levels and interviews with staff and students. We have 28 days to complete a self-evaluation, which is due a couple of weeks before the review. The review will likely be complete by February; we are hoping for a continuous charter (which would negate the external review process in the future).
 - Audit is underway with new auditors (Grant Thornton)
- Student Update:
 - o Enrollment is up by 16 students this year compared to last year
 - Student Information System (SIS) was replaced this year fairly steep learning curve for implementation of the new system, and there were some technical issues over the last few months, including coordination with the Provincial system. The harmonization and uploading of student enrollment data to the Province was completed by September 30.
 - Increased inclusion funding has resulted in greater ability to hire inclusion coordinators and staff across campuses.
 - We have a NHS Student who has been selected for the Minister's Student Advisory Group.
- ASC Meeting Sep 11; Board attended first ASC meeting of the year for better coordination between the two groups.
- Transportation continues to be problematic this year shortage of bus drivers (global problem). Met with contractors in August, and we are off to a better start; however, if a driver is sick or unavailable, there is no replacement.
- 5. Information Items
 - 5.1. Standing Item: Administrative Procedures Update
 - 5.1.1. AP-A-203.1 Common HSC Culture and Programming
 - Looking to achieve a "one campus" experience across both high school campuses and ensure that the experience and the focus is the same no matter where you go. Consistent programming, consistent staffing formula.
 - 5.1.2. AP-H-103.1 Human Sexuality Education
 - The new curriculum was approved last year by the Province for K to 3, AP reflects this update.
 - 5.1.3. AP-H-105.1 English as an Additional Language
 - Updated language/title to reflect new terminology
 - 5.2. Standing Item: Strategic/Education Plan Update
 - Strategic Plan:
 - Last year, engaged Dave McElhanney (ICD), a former FFCA Director, who has expertise in strategic planning. Worked with him last year at the system level. Identified a few themes, including having a more global experience with students and staff and the implications of technology on learning, organizational effectiveness and curriculum
 - FFCA will develop two white papers on those topics, have engaged an advanced academic lens/partner as well through MRU
 - Strategic plan will also include the charter permanency
 - Education Plan
 - Annual Education Plan meeting with the Ministry we are in year 3 of a 3-year plan; when we gather all the results of last year, what are the impacts. Positive meeting
 - FFCA has met all provincial requirements

5.3. Standing Item: High School Update

- SHS:
 - Renovation work for SHS was complete as of August 2023. Building has been restored for the 2023-24 year. Whole team effort in getting the campus organised and ready. Cost estimate was prepared without overtime, which initially meant a shortfall of \$800k; however, the Province has covered the overrun. Total cost was \$5.6M
 - o On Nov 24, Minister Nicolaides will come to SHS to do a formal opening ceremony
- NHS:
 - o Still on schedule for NHS substantial completion on Dec 7
 - Working with the city and contractor on amending parking situation at NHS
 - Viewglass, solar and climbing wall is groundbreaking in terms of a school development in Alberta and was recently recognized in <u>AWARD Design Magazine</u>
 - Had asked the Board of Directors for \$1.8M from FFCA reserves funding plus a cost contingency in the 2022-23 year. Motions to allocate those funds:

NHS Equipment and Technology Funding MOTION **2023-10-04-1RA** MOVED by Vice-Chair Hill and seconded by Director Fisher that the Board allocates \$690k to fund equipment and technology for the multidisciplinary performance centre at the North High School. CARRIED.

NHS Climbing Wall Funding MOTION

2023-10-04-2RA MOVED by Vice-Chair Hill and seconded by Director Lakhani that the Board allocates \$310k plus a \$355k contingency to fund the climbing wall at the North High School. CARRIED.

- 6. Discussion Items
 - 6.1. Q4 Financial Report
 - FFCA will have a surplus as of Q4

Q4 Estimated Financial Report MOTION

2023-10-04-3RA MOVED by Director Fisher and seconded by Vice-Chair Hill that the Board receives for information the FFCA Fourth Quarter Estimated Financial Report, as presented. CARRIED.

- 7. Committee/Rep Reports
 - 7.1. Executive Committee
 - No decisions taken.
 - 7.2. Governance Committee
 - Met on Sep 27. Focused on the professional development training for Board members and developing a gap/skills assessment for the Board of Directors.
 - At the June Public Board meeting, polices were presented for first reading and are now presented for second reading. No feedback has been received in the interim.
 - 7.2.1. Policies and Appendices for Second Reading

Approval of Policies and Appendices for Second Reading MOTION **2023-10-04-4RA** MOVED by Director Lakhani and seconded by Co-vice chair Ifechi that the Board approve the following Policies and Appendices for Second Reading as presented.

Policy 3 – Role of the Director SECOND READING

Policy 10 – Policy Making SECOND READING
Policy 11 – Charter Board Delegation of Authority SECOND READING
Policy 13 – Appeals and Hearings Regarding Student Matters SECOND READING CARRIED.

- 7.2.2. Election Process
- 7.2.3. Election Appointments: for each election, Returning Officers must be appointed. They may not be directors or candidates. The Returning Officers will count all ballots, if required, and declare candidates elected whose names appear on the greatest number of ballots.

Chief Returning Officer / Assistant Returning Officer Appointments MOTION **2023-10-04-5RA** MOVED by Director Lakhani and seconded by Co-vice chair Ifechi that the Board appoint Roger Nippard as Chief Returning Officer and Jhamily Estrada as Assistant Returning Officer. The Chief Returning Officer may delegate election support duties to one or more other FFCA employees as necessary. CARRIED.

- 7.3. Audit Committee: met on Sep 26, and recommended that the board approve Q4 financials; Audit committee was satisfied with the Audit plan.
- 7.4. TAAPCS Rep Report: no new business raised at TAAPCS. TAAPCS has approved its budget for the year. FFCA continues to be the largest public charter school member of TAAPCS.
- 8. Director Highlights
 - Directors shared their highlights and recent Board experiences.

ADJOURNED 8:15 p.m.

NEXT MEETING: November 22, 2023 at SHS Campus

FFCA provides a safe and caring environment where academic excellence, character development, parental involvement, and staff leadership are valued and fostered.

Accountability Statement

FFCA has been an important part of the public charter education system for over 25 years. We are proud of the long history of results and service our staff, students and families have contributed to in our communities. The Accountability Statement, signed by the Board Chairperson and the Superintendent, is FFCA's commitment to continue to meet or exceed Alberta's Assurance Measures, stated as follows:

The Annual Education Results Report for Foundations for the Future Charter Academy for the 2022-23 school year was prepared under the direction of the Board of Directors in accordance with the responsibilities under the *Education Act* and *Fiscal Planning and Transparency Act*. The Board is committed to using the results in this report, to the best of its abilities, to improve outcomes for students and to ensure that all students attending Foundations for the Future Charter Academy can acquire the knowledge, skills, and attitudes they need to be successful and contributing members of society. The Board approved this Annual Education Results Report for the 2022-23 school year on November 22, 2023.

Jeff Wilson, FFCA Board Chairperson

Roger Nippard, FFCA Superintendent / CEO

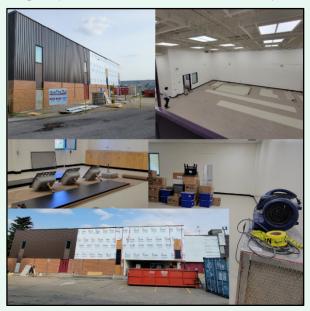

2022-23 Highlights

The 2022-23 school year began with our South High School in a temporary location. We were unsure where they

would go for the following year due to the extensive fire and smoke damage at the Dr. Norman Bethune (DNB) campus. Mount Royal University (MRU) graciously revised its student calendar and allowed us to return to the space we had used at the end of 2021-22 for the 2022-23 school year. However, with MRU's enrollment increasing annually and some major renovation projects planned, they let us know early in 2022-23 that they would be unable to accommodate our 500-student high school after our one-year term. We went back to the drawing board with Alberta Education, and in February 2023, our Board announced a plan to return to DNB in August 2023. By April, with the collaboration of the Calgary Board of Education, Alberta Education, and the restoration company, we had finalized a plan to complete an 11-month restoration project in just four months. This timeframe required a lot of staffing and didn't allow for any delays during a time when labour and supply shortages are commonplace! We were excited to open the doors at DNB for the first day of classes on August 29, 2023. This was just another hurdle to add to the list from the last 27 years!!

With the first full year of Specialized Learning Support (SLS) funding and the new classroom complexity grant, 2022-23 was a year of learning and evaluating for FFCA staff. While we have always provided supports to our students to some extent, we were never able to fully meet their needs. With the addition of an Inclusion Team in 2022-23, there's a dynamic plan in place to do just that. Teachers and the Inclusion Team worked tirelessly to assess the learning support gaps, and FFCA has engaged in system-wide PD as well as campus, grade-level, and course-specific learning to build a support network for all students across the eight campuses.

This past year, the FFCA Board of Directors and administrative team reviewed the Bylaws and Policies, including a legal consultation, to ensure their alignment with best practices and relevancy. The Bylaws were approved by the Society at the AGM in December of 2022 and accepted and filed by the Societies registrar in June of 2023. The outcome of the review saw one new Policy created, five Policies with substantive changes going through three readings, three Policies with no changes, and 10 Policies with non-substantive changes.

Students and staff have been watching with anticipation as our North High School (NHS) campus in Montgomery nears completion. Some of the unique features included in the build are electrochromic Viewglass, a solar PV system, a climbing wall in the entryway and triple-height tiered seating in the foyer. AWARD Magazine recognized NHS as a cutting-edge facility in its September issue. Substantial completion is expected in December

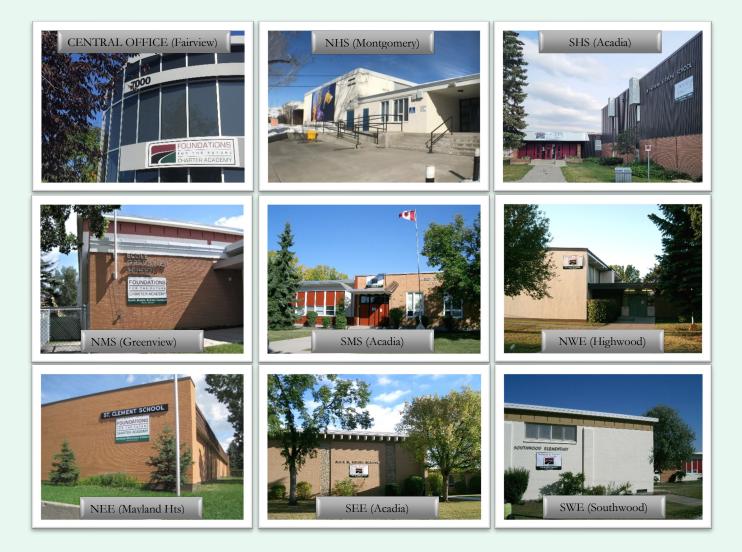

2023, and we plan to have students begin their second semester in the new space on February 1, 2024.

We are very pleased with the overall results achieved. The results presented in this report highlight areas of continued success and growth, as well as opportunities for improvement as we work to build on our learnings from the last few

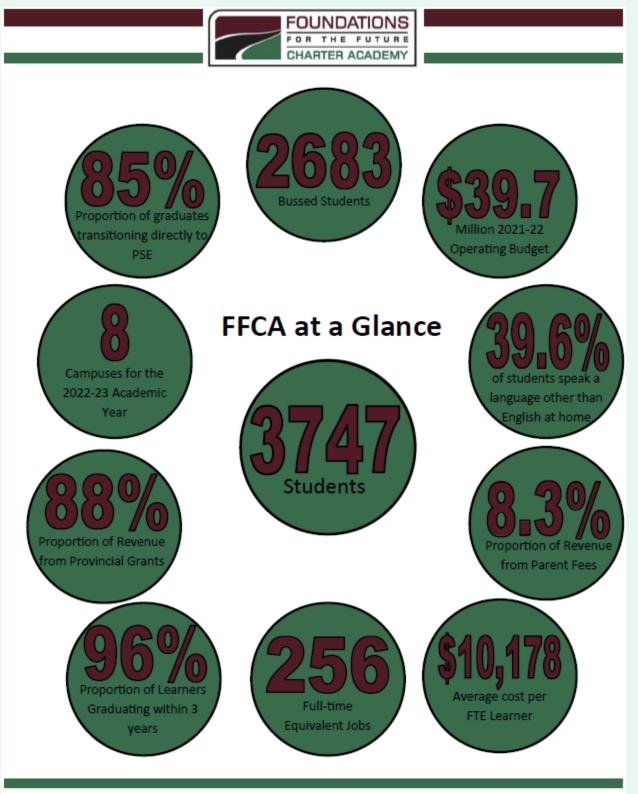

years. Our teachers, administrators and support staff went above and beyond, as per FFCA tradition, to meet the needs of our students and families.

We would like to acknowledge that FFCA's success is the product of a caring community working collaboratively towards a common goal of student success in academics and character development. We want to acknowledge the efforts of our founders who established a vision and the many directors, administrators, teachers, support staff, parents, and students who have worked to achieve that vision for over a quarter century. The successes of FFCA today are built upon the efforts, successes and many lessons learned by those who have served before us. We look forward to an accomplished future.

Core Demographics

Alberta Education Assurance Measures Summary

Although we have moved the impact of Covid-19 further into our rear review mirror, there are still several evaluation indicators that are unavailable. Our results on the core Alberta Assurance measures for which data is complete highlight our overall level of success. They reflect our unwavering commitment to educational excellence and continuous improvement. The fact that FFCA has consistently outperformed provincial averages in all areas of provincial testing is a testament to our dedication and passion for providing the best possible education to our students. On nine of the ten measures for which we have accurate and complete evaluative data, FFCA maintained its performance at the top achievement level of 'very high' with overall evaluations at the top level of 'excellent,' while we saw a decline in the areas of the Learning Supports category. As we further develop our Inclusion program, we are confident these numbers will start moving upward. Nevertheless, our overall performance in 2022-23 was excellent.

Notes:

1. Participation in the 2019/20 to 2021/22 Diploma Exams was impacted by the Covid-19 pandemic. In the absence of Diploma Exams, the achievement level of diploma courses was determined solely by school-awarded marks.

Security breaches occurred over the last few days of the 2021/22 PAT administration window. Students most likely impacted by these security breaches have been excluded from the
provincial cohort. All students have been included in school reporting.
 Courties a chevel do be used when interpreting the completion experts the provincial cohort.

Caution should be used when interpreting high school completion rate results over time.
 Participation in the Provincial Achievement Tests and Diploma Exams was impacted by the fires in 2018/19 and the Covid-19 pandemic from 2019/20 to 2021/22. School years 2019/20, 2020/21 and 2021/22 are not included in the rolling 3-year average. Caution should be used when interpreting trends over time.

*Data values have been suppressed where the number of students is fewer than 6.

FFCA: Providing a safe and caring environment where academic excellence, character development, parental involvment, and staff leadership are valued and fostered.

Student Growth & Achievement

Students progress in their learning, relative to provincial learning outcomes and consistent with their needs, interests and aspirations and demonstrate citizenship, engage intellectually and grow continuously as learners.

Charter Goal

Students will develop essential understandings of character that will help them think critically, care deeply and act ethically.

Outcome 1

FFCA students develop their character and leadership capacity through an intentional, integrated, and distinctive approach to character and leadership education that has evolved to help students to develop the foundational competencies needed now and in the future locally and globally.

Comments

Character, leadership, and citizenship education are essential to the core of how we approach teaching and learning, and they remain strengths at FFCA. 89% of our staff and parents are satisfied with the results of our character and leadership education approach. While our performance on most measures was consistent with historical levels, we have noticed a disconnect between the satisfaction of teachers with their ability to help develop digital citizenship skills in students over the last few years and the satisfaction of parents that the school provides opportunities for students to develop character and leadership skills. Anecdotal reports from campus administrators, staff, and council members cause us to believe there may be a greater need in this area than the data indicates. A number of our campuses worked to revisit and re-emphasize digital citizenship last year. We hope to see the results begin to reflect those efforts next year. The evident drop in satisfaction with service learning activities over the last two years has started to climb back towards our pre-Covid numbers now that we have returned to organizing many of those experiences. Notably, 3537 volunteer hours were reported by parents in 2022-23 in various roles such as room parent, graduation committee, parental partnership, and fundraising, in addition to our School Councils and Board of Directors.

Outcome 2

Students will achieve academic excellence in relation to the core knowledge, skills and competencies identified in the Alberta Ministerial Order on Learning and programs of study.

Comments

FFCA students continue to excel academically. 90.2% of our students achieved the acceptable standard on their diploma exams, and 43.8% of them achieved a standard of excellence. Both outcomes are excellent and more in line with our pre-Covid results. The next couple of years will be more telling as the inconsistency in writing expectations makes any fair longitudinal comparisons impossible. The most notable achievement is the improvement we have witnessed in the "excellent" rating in the Provincial Achievement Tests (PAT) and Diploma exams. The provincial averages witnessed a decline over the past year. However, FFCA's results remained steadfast and, in some instances, surpassed the 2021-2022 three-year average. On PATs, 93.0% of FFCA students achieved the acceptable standard. It was determined that there was an increase in the number of students who struggled to meet grade-level standards during Covid. The struggling students were supported to help them overcome the Covid learning gaps by concentrating on enhancing core literacy and numeracy instruction to reinforce foundational competencies impacted by the pandemic. Interestingly, 42.5% of our students achieved a standard of excellence on the PATs which is higher than our historical average. This supports the theory that academically stronger students were less impacted academically by the Covid disruptions than those achieving at more moderate levels.

FFCA's graduation rate (97.3%) held firm, and we saw the six-year post-secondary transition rate reach a five-year high (96.2%). On the other hand, the four-year post-secondary transition rate dropped to 81.1%, one of the lowest rates we've seen. An increase in the number of students taking a gap year may be attributed to the effects students felt from the pandemic. The Rutherford scholarship rate (96.8%) increased slightly to a five-year high.

One area in which we have identified a potential opportunity for growth is that of students' self-reported level of engagement in their learning. For the third year, approximately 70% of FFCA students reported being highly engaged in their learning. This is much lower than the perceptions of parents and teachers, of whom 94.2% and 96.5% reported high student engagement, respectively. Preliminary conversations with administrators, teachers, and students indicate that this may reflect more of a difference in how the different groups define engagement but are exploring and monitoring this result. Teaching & Leading

Teachers and leaders analyze the learning context; attend to local and societal considerations; and apply the appropriate knowledge and abilities to make decisions resulting in quality teaching, leading and optimum learning for all by demonstrating their respective professional practice standards (Teaching Quality Standard, Leadership Quality Standard and Superintendent Leadership Quality Standard).

Charter Goal

Teachers and leaders provide a consistent and coherent learning experience for students from grades K to 12.

Outcome 3

FFCA students are consistently and effectively taught utilizing a distinctive approach to teaching and learning that has evolved to help students develop the foundational competencies needed now and in the future, and that is clearly understood by FFCA's staff, students and parents.

Comments

Teacher, parent, and student satisfaction with the overall quality of education at FFCA remains excellent. 91.5% of our stakeholders were satisfied with the quality of basic education on the provincial assurance survey of grades 4, 7, and 10. On the FFCA survey, 93.1% of staff and 95.9% of parents were satisfied or highly satisfied with the overall education provided at FFCA. Our Teaching and Learning pedagogical framework has been pivotal in guiding our path to excellence.

96% of parents reported clearly understanding the FFCA's Charter, our distinctive approach to teaching and learning, and the results we get from that approach. The percentage of staff satisfied with their understanding of the Charter has declined; however, our staff have maintained a high satisfaction rating in their ability to connect their teaching to FFCA's distinctive Teaching and Learning Framework. This might be a result of our recent work in the area of Inclusion based on receiving Specialized Learning Support funding. We are currently exploring and monitoring this result. The quality of teaching and learning at FFCA is supported by the processes outlined in our administrative procedures for the growth, supervision and evaluation of all teachers and administrators. These generally high levels of satisfaction largely represent the commitment of our staff to their students and their professional craft.

Outcome 4

FFCA formally communicates the progress and performance of students to parents (and students) in a highly effective, efficient, and authentic manner that provides parents with a thorough and timely understanding of their child's learning relative to local and provincial standards.

Comments

The performance on the assessment and reporting outcome measures remains lower than our pre-Covid levels. This is unsurprising as we have identified inconsistencies with our assessment and reporting framework and our current reporting practices. We have a formal review of reporting practices planned. We are awaiting the results of the work being undertaken at the provincial level on matters of student assessment and/or reporting and the guidance it will provide before we move forward.

Charter Goal

Staff leadership is fostered throughout the school and campuses.

Outcome 5

FFCA builds, supports and leverages the leadership capacity of our staff in achieving our charter vision, mission, strategic goals and educational priorities.

Comments

Our performance on measures related to staff leadership remains inconsistent. The perceived value of organizational professional development remained steady, as did staff satisfaction with opportunities to take on leadership roles, but both remained below pre-Covid levels. One challenge that FFCA faces in this area is that Covid limited or changed leadership structures that we used in the past due to our intentional prioritizing of staff's and students' physical and mental health. Due to the intense and urgent collaborative learning to maintain our focus on teaching and learning, FFCA intentionally limited staff engagement in decision-making and informal leadership roles. A strategy that we have reintroduced is our staff working teams. The focus for these teams has been in the areas of new curriculum, assessment and program development. This is a continuation of a long-standing tradition of staff leadership in refining our teaching pedagogy (FFCA Framework for Teaching and Learning) and developing curricular materials. Additionally, instructional coaching is another example of the leadership roles FFCA teachers assume, along with their generous contributions of time and talent to coaching, productions, service projects and community events.

FFCA's teaching methods:

-Direct Instruction

-Inquiry and cooperative learning -Early literacy development FFCA is "one school" on multiple campuses. We are coherent in our vision and unified in our practices.

Inclusion & Learning Supports

Resources are managed effectively in establishing learning environments where local and societal context is recognized, diversity is embraced, a sense of belonging is emphasized, and all students are welcomed, cared for, respected and safe.

Outcome 6

Students with specialized learning and social-emotional needs (e.g. EAL) are effectively supported in their learning in a manner consistent with the charter's distinctive approach to teaching and learning and the prohibition of individualized program plans.

Literacy Intervention Comments: The hired Intervention Teacher and the Homeroom Teacher co-planned intervention strategies for students using the Alberta Reading Intervention Lessons. In addition, students received targeted support from either the homeroom teacher or the intervention teacher. Whether in small group or one-on-one instruction, the work focused on phonemic awareness, phonics, and decoding. Students needing to acquire background knowledge to improve their reading comprehension (e.g., going to a beach or visiting a farm) was an additional area of focus due to the isolation students experienced during Covid.

Numeracy Intervention Comments: Whether in a small group or one-on-one instruction, the work focused on using manipulatives to support student's visualization of basic numeracy skills. Additional teacher support to provide targeted instruction to specific students and working with teachers on designing instruction to benefit all students gave the best results. Key Math Instruction Resources were also used to support the creation of targeted student interventions.

Comments

While FFCA appeals to a broad demographic, the demand for structured FFCA programming is especially high amongst Canada's newest Canadians. Consequently, FFCA serves a significant number of Calgary's recent immigrant population. FFCA has evolved from a culturally homogenous school to one that serves an increasingly culturally diverse population. In 2023, 2.5% of our students are foreign-born English as an Additional Language (EAL) students, 19% are Canadian-born EAL students, and 40% of the student population speaks a language other than English at home (over 30 languages from around the world).

Students, parents and teachers continue to report less satisfaction with access to appropriate supports and services than their overall satisfaction with basic educational quality. We have put a lot of focus on planning as well as professional development and building a robust Inclusion team. 2022-23 saw us providing significantly more access to appropriate supports and services. FFCA has full-time Youth Development Counsellors (YDCs) at its elementary campuses and Family School Liaison Workers at the middle and high schools. We also have a central team of behavioural assistants deployed as needed. These individuals, along with additional contracted psychological services, provide a strong network to respond to our students' mental, physical, and emotional needs. Through close

examination, the decline is driven primarily by teacher responses related to inclusion or programming for increasing numbers of at-risk students. With full inclusion funding, the expectations of our staff in terms of the provision of services to our more challenging students particularly were quite high, and we are still in an "implementation dip" in terms of working to reconcile what inclusion for all students looks like in a school that is focused on academic excellence. While it may take time for everyone to embrace the changes, we expect to see improvement on performance indicators in this area in the coming years.

The percentage of EAL students who achieved the acceptable standard on diploma exams was 75.3%, which is still lower than our pre-Covid performance but is moving upward. The percentage of EAL students reaching the standard of excellence on diplomas was 16.4%, which is headed back up towards pre-Covid levels. In contrast, the percentage of EAL students reaching the acceptable standard on grade 6 and 9 provincial achievement tests has surpassed pre-Covid results at 88.5%, and the percentage of students achieving excellence remained similar to the increased percentage of 17.8. These results show that while the pandemic negatively impacted students requiring additional supports, the steps taken to identify and close the gaps have been quite successful. We are pleased to be making a difference for those kids and plan to continue this work.

Outcome 7

Staff and students develop an understanding of Indigenous perspectives and experiences, treaties, the history and legacy of residential schools, and education for reconciliation.

Comments

All FFCA staff, including system and campus administrators, have engaged in, and continue to engage in, a learning journey to build foundational knowledge about the histories and cultures of Canada's First Nations peoples to better educate for reconciliation. This journey has included formal professional development sessions facilitated by Indigenous Elders, field experiences facilitated by Elders, and online courses. Each of our campuses has established a relationship with one or more Elders with whom we are partnering to do this work. In addition to focusing on staff learning, we have partnered with our local Elders to provide learning opportunities for students in this area as well. To ensure this day had the desired gravitas, our staff and students used the days leading up to September 30 for learning activities in all campuses focused on increasing foundational knowledge of First Nations, Metis, and Inuit peoples, an understanding of the legacy of residential schools, and other aspects of reconciliation.

Outcome 8

First Nations, Metis, and Inuit students are effectively supported in their learning.

Comments

FFCA did not have a sufficient number of self-identified First Nations, Metis, and Inuit students to obtain performance data on any of the provincial measures. See relevant FNMI tables here.

> Education that's inclusive rather than "inclusive education."

Governance

Policy leaders attend to local context; determine strategic direction; evaluate policy implementation; and manage fiscal resources to ensure learning supports, quality teaching and leading and optimum learning for all by demonstrating stewardship of system resources with an emphasis on student success, generative community engagement, transparency and accountability.

Charter Goal

FFCA effectively engages parents as partners in the educational experience of students.

Outcome 9	

Parents, staff and students are highly satisfied with the leadership of the Board and administration in providing an excellent educational experience at FFCA.

Comments

FFCA's performance on most governance measures was maintained at very high levels. However, the percentage of FFCA staff, students and parents who feel that their school has improved or stayed the same has dropped to a five-year low of 74.6%. This may merely reflect the lasting impact of Covid, but it may also reflect the decrease in specialized learning support staff and resource allocations that our community experienced up to and including 2021-22 prior to receiving SLS funding. We are monitoring this closely.

FFCA's Charter is academically focused, including mandatory leadership and physical education courses up to grade 12, and does not offer a broad program of studies beyond the academic stream. It does offer carefully selected opportunities in fine arts, technology, health, and physical education. Our focused programming is seen as high quality by all stakeholders. We are at a five-year low in the percentage of parents, students, and staff who are satisfied or very satisfied that students are receiving a broad program of study. This isn't surprising due to our focus on academics, however, there are additional programs of study that could be offered to provide well-rounded course offerings. Program scheduling for a small number of grade 10 to 12 students is challenging and was intensified by the high school split in the summer of 2020. We are working to secure a new south high school location that can accommodate 1000 students, with approximately 550 of those grade 10-12 students, to build a robust list of core classes and electives.

Another drop was in the satisfaction levels of parents' opportunities to be involved within the school community. As campuses adjust to a new normal, we are welcoming parents back into the campuses, and we hope to build on the 88.7% who are satisfied. The percentage of parents and staff who are satisfied or very satisfied with the Board of Directors leadership (92.2%) and communication (93%) is heading back towards our pre-Covid numbers and is evidence of their excellence.

One thing to note, and which we will be focused on in the coming year, is that students express significantly lower satisfaction than parents and staff in all measures. Our past results demonstrate FFCA's commitment to continuous improvement. Areas of strength are celebrated, and when areas of decline or concern are identified, those have been noted, and when those persist, FFCA has developed an action plan to address concerns.

<u>Notes</u>

- Surplus of \$1,765,607 was ~4.3% of total revenue, of which a majority (\$1.6M) was due to SLS funding received by charter schools near the end of the school year.
- Salaries & Benefits represented the most significant expenditure at 78% of non-transportation expenses.
- Detailed information on sources and uses of school-generated funds can be found in Note 7 on page 25 of FFCA's 2022 Audited Financial Statements (click here).

FFCA's fiscal management is both robust and resilient. Our commitment to financial excellence is demonstrated by receiving the ASBOA International Meritorious Budget Award for fifteen consecutive years. This prestigious international recognition highlights FFCA's dedication to preparing and issuing budgets of the highest quality. FFCA maintains an exemplary record by receiving clean audit reports year after year. These reports consistently emphasize the absence of significant internal control weaknesses and verify compliance with all financial regulations.

FFCA is open to collaborating with other school authorities and community agencies to best meet the needs of Alberta's students and ensure we responsibly manage the use of public resources. FFCA leases six of our campuses from resident school boards' list of surplus schools. We also worked collaboratively with the Ministry of Education and CBE to successfully purchase and transfer the new Montgomery High School site in early 2023 and also reached an agreement with the same for FFCA to manage the retrofit of our South High School in the Dr. Norman Bethune location after the fire resulted in the closure of the building.

The Board is provided with quarterly financial results reports complete with financial forecasts. Through accurate reporting and forecasting, FFCA has consistently remained within the Ministry's acceptable range (currently 4.29%) of operational reserves. The Board Audit Committee has historically provided oversight to the audit process and has used an Enterprise Risk Management (ERM) Framework and Risk Register since 2021. The Register is reviewed semiannually by the Audit Committee and annually by the corporate Board, with risk mitigation plans developed for the areas of greatest organizational risk (i.e., cybersecurity).

For additional financial information, please contact the CFO / Secretary-Treasurer at 403.520.3206.

Stakeholder Engagement & Assurance Processes

This annual education results report reflects our 2021-24 education plan that was established using the previous accountability framework. The education plan was informed by an analysis of our past annual education results, a review of the current educational context in Alberta and FFCA specifically, as well as consultation with staff and our eight campus parent councils. The Board of Directors, comprised of elected FFCA parents, provided the final approval of that plan.

The results in this report reflect both provincial and local measures. The provincial measures data were provided via Alberta Education's assurance surveys of grade 4, 7 & 10 students, parents and all staff and provincially provided quantitative data on the objective measures (e.g. 3 & 5-year graduation rates). The local measures data was obtained through FFCA's own year-end surveys of all parents and staff. Future years will be expanded to include student data as well.

The results in this report are shared with all stakeholders, and collaborative groups of administrators, teaching and support staff, students and parents (campus councils) will use this data to provide input into future education plans. An overview of the results documented in this report is presented annually in November at a public board meeting and at a meeting of each campus council following that board meeting.

As a single charter school with multiple campuses, FFCA campuses do not each have an education plan; instead, the FFCA Education Plan applies to each. However, each campus does identify annual education priorities and goals aligned with the FFCA Education Plan. In addition to the formal annual review of performance data, the Superintendent and members of the senior leadership team meet bi-monthly with each campus leadership team to review progress on their campus development priorities using a process of collaborative inquiry and generative dialogue. These formative conversations support the continuous use of evidence to inform decision-making and guide improvement.

Possessing the attribules of lifelong learners, FFCA graduates will be reflective and self-aware as they continue to evolve as successful individuals guided by moral purpose.

Whistleblower Protection

FFCA maintains a culture characterized by integrity, respect, trust and care and expects all staff to demonstrate high ethical standards in their work. Staff should expect, in return, a positive workplace. FFCA has written policy and administrative procedures consistent with the Public Interest Disclosure (Whistleblower Protection) Act and related Regulations of the Province of Alberta, ensuring that FFCA staff are safe to disclose wrongdoing without fear of reprisal.

During the 2022-23 school year, the Designated Officer received no disclosures of wrongdoing and, therefore, conducted no investigations.

Standing or Ad Hoc COMMITTEE REPORT

Committee: _____

	Meeting Date:	·
--	---------------	---

Members in attendance (include Chairperson and Secretary Titles):

Meeting Summary:

Please summarize discussions and list any resolutions that the majority of the committee adopted. The minority, if any, may submit a report consisting of their views on any resolution adopted by the majority.

The Committee Chairperson (or designate) will report the work of the committee to the Board and Society at the next Public Board Meeting in accordance with Policy 8 – CHARTER BOARD COMMITTEES and REPRESENTATIVES.

POLICY 3 – ROLE OF THE DIRECTOR

PREAMBLE

The role of the Foundations for the Future Charter Academy (FFCA) Board Director is to contribute to the Board as it carries out its mandate to achieve its core purpose. The Oath of Office sworn or affirmed by each Director when they assume office binds that person to work diligently and faithfully in the cause of public charter education.

Individual Directors exercise an effective decision-making role in the context of corporate action. Their powers exist only as part of the Board in this decision-making role.

Unless granted specific authority by Board motion to act on behalf of the Board, an individual Director has only the authority and status of any other Society member. Individual Directors do not have the authority to direct the Superintendent or staff.

The Board may, by way of motion, grant an Individual Director to act on behalf of the Board, in which case the Individual Director may act as an agent of the Board within the scope of authority granted by the motion. In such cases, the Director's actions are those of the Board.

SPECIFIC RESPONSIBILITIES

In carrying out their role, each Board Director shall be responsible for all matters indicated below and shall:

- 1. Become familiar with Society bylaws, Board Policies and Administrative Procedures, meeting agendas and reports to participate in Board business;
- 2. Abide by the fiduciary responsibility to FFCA to act in the best interests of FFCA, meaning that the Director must place FFCA interests ahead of all other interests when serving and acting in the Director role;
- 3. Vote on every Board motion, unless there is a conflict of interest in which case the Director shall disclose the Interest as outlined herein;
- 4. Support a majority vote of the Board as if the vote had been unanimous;
- 5. Provide for the engagement of parents, students and the community in matters related to education at FFCA;
- 6. Respectfully bring forward and advocate for issues and concerns that are relevant to the purpose of the Board, the interests of Society Members as members of the Society, and the interests of students as related to their education;
- 7. Refer matters not covered by Board policy but requiring a corporate decision to the Board for discussion;
- 8. Refer administrative and operational matters to the Superintendent and work to maintain the division between governance and operational responsibilities;

- 9. Upon receiving a complaint or an inquiry from a parent, staff member or community member about operations, refer the parent, staff member or community member back to the teacher, principal educator or department and inform the Superintendent or designate of this action as per FFCA's "Being Heard" document;
- 10. Keep the Superintendent and the Board informed in a timely manner of all material matters coming to their attention that might affect FFCA. Personnel matters are to be brought to the attention of the Superintendent only;
- 11. Attend Board meetings, working sessions and committee meetings as assigned, having reviewed all applicable materials and being prepared to participate in and contribute to the decisions of the Charter Board to work towards the best solutions possible for education within FFCA;
- 12. When delegated responsibility, will exercise such authority within the defined terms of reference responsibly and effectively;
- 13. Be committed to continually developing themselves and growing in their role. This includes participating in a minimum of one developmental workshop/course/session per year relating to the Board/Director's responsibilities to enhance the FFCA quality of leadership and service;
- 14. Be mindful of provincial, national and international educational issues and trends;
- 15. Share the materials and ideas gained with fellow Directors at a Board meeting following a Director development activity;
- 16. Strive to develop a positive and respectful learning and working culture both within the Board and FFCA;
- 17. Attend FFCA functions and events when designated or formally invited as a Board representative and where reasonably possible;
- 18. Become familiar with and adhere to the Director Code of Conduct;
- 19. Report any known violation of the Director Code of Conduct to the Board Chair or, where applicable, to the Vice-Chair.

ORIENTATION

As a result of elections and appointments, the Board may experience changes in membership. To ensure continuity and facilitate the smooth transition from one Charter Board to the next, the Board believes an orientation program is necessary for effective Directorship. Directors must attend all aspects of the orientation program.

- After each election, the returning Directors will host a preliminary orientation session for newly elected Directors and any newly appointed Directors before the Organizational Meeting, including a review of and an expression of interest in Board assignments and committees.
- 2. As part of the orientation, the returning Directors will brief the newly elected Directors on:
 - 2.1 The role of the Director and the Board;
 - 2.2 Board policies, agendas and minutes;

- 2.3 Organizational structures and practices of FFCA;
- 2.4 Existing FFCA initiatives, annual reports, budgets, financial statements, short-term priorities and long-range plans;
- 2.5 FFCA programs and services;
- 2.6 The Board's function as an appeal body;
- 2.7 Statutory and regulatory requirements, including responsibilities concerning conflict of interest;
- 2.8 Director remuneration and expenses; and
- 2.9 FFCA's history and guiding principles.
- 3. The orientation program may also include the following:
 - 3.1 A tour of FFCA's Central Office and the opportunity to meet FFCA office staff; and
 - 3.2 A tour of the campuses and the opportunity to meet principals and staff.
- 4. The Superintendent is responsible for supporting the development and implementation of FFCA's orientation session for Directors.
- 5. FFCA will provide reasonable support within the Board governance budget for Directors attending TAAPCS meetings and events.
- 6. Returning Directors will support newly elected Directors in becoming informed about history, functions, policies, procedures, and issues.

DISCLOSING A CONFLICT OF INTEREST

- 1. When a Director (who is present) has a pecuniary (financial) interest in a matter before the Board (including a committee to which the Director is appointed as a representative of the Board), then the Director must:
 - 1.1 Disclose the general nature of the pecuniary interest prior to any discussion of that matter;
 - 1.2 Abstain from voting on any question relating to that matter;
 - 1.3 Abstain from discussing that matter; and,
 - 1.4 Leave the forum or room where the meeting is being held until the discussion and voting on that matter is finished.
- 2. If the Director was temporarily absent from a meeting when that matter was introduced, the Director shall disclose the general nature of the Director's pecuniary interest in that matter immediately and then comply with 1.4.
- 3. The disclosure of the Director's pecuniary interest and the Director's abstention from any vote on that matter shall be recorded in the minutes of the meeting.

SERVICES, MATERIALS AND EQUIPMENT PROVIDED TO DIRECTORS

FFCA will provide Directors with the following services, materials and equipment from within the Charter Board governance budget while in office:

- 1. Reference access to:
 - 1.1 The Education Act, the Regulations and related documents
 - 1.2 Charter Board Policy Handbook and Administrative Procedures Manual
 - 1.3 Current FFCA documents:
 - 1.3.1 Budget
 - 1.3.2 Capital Plan

 - 1.3.5 Charter
 - 1.3.6 Bylaws
 - 1.4 School year and meeting calendars
 - 1.5 Current telephone listings of campuses
- 2. Communications/Public Relations
 - 2.1 Notification of significant media events
 - 2.2 Name tags, business cards and lapel pins
 - 2.3 Key messages as required
 - 2.4 Individual and Charter Board photographs
- 3. Administrative/secretarial services through the Superintendent
 - 3.1 Access to interoffice mail
 - 3.2 Conference registration, travel and accommodation arrangements
 - 3.3 E-mail address and service support
 - 3.4 Photocopying and related secretarial services
 - 3.5 Coordination of events sponsored by the Charter Board
- 4. Equipment
 - 4.1 FFCA may provide Directors with standard office equipment to assist in FFCA communications.
 - 4.2 At the end of their term and after reformatting, Directors may purchase the Charter Board-provided office equipment at fair market value.
 - 4.3 An outgoing Director will return the Charter Board-provided equipment within seven (7) days following an election or resignation.
 - 4.4 The Technology Department will establish a replacement program for the Charter Board-provided office equipment.
 - 4.5 The Technology Department will maintain all Charter Board-provided equipment.
 - 4.6 The Technology Department will maintain a record of equipment on loan to each Director.
 - 4.7 Directors must utilize due diligence to ensure the security of the equipment.

POLICY 07 – CHARTER BOARD OPERATIONS

PREAMBLE

As the body entrusted by The Foundations for the Future Charter Academy (FFCA) Charter School Society to act on behalf of the Society in the governance of the FFCA, as set out in Article III of the Society bylaws, the Charter Board will manage the business of the Society. The Charter Board's ability to discharge its obligations in an efficient and effective manner is dependent upon the development and implementation of a sound organizational design. In order to discharge its responsibilities, the Charter Board shall hold meetings as often as necessary. A quorum, which is a simple majority of the currently serving Directors (FFCA Bylaws Section 5.5), must be present to constitute a meeting of the Charter Board. The Charter Board has adopted policies, including this policy, so the Charter Board's business can be conducted in an orderly and efficient manner.

The Charter Board's fundamental obligation is to preserve and enhance its Charter and the public trust in education, generally, and in the affairs of its operations in particular. Consistent with its objective to encourage FFCA stakeholders to contribute to the educational process, Charter Board meetings will be open to the public. Towards this end, the Charter Board believes its affairs must be conducted in public to the greatest extent possible and in a format that encourage stakeholder participation.

Public forums dealing with specific educational topics can enhance communications and the effectiveness of the Charter Board.

CHARTER BOARD MEETINGS / SESSIONS

There are times when public interest is best served by private discussion of specific issues in closed working sessions.

Having members of the Society make presentations at Charter Board meetings can enhance member interest.

The Charter Board shall meet regularly, according to the schedule of meeting dates established annually. The Charter Board Chairperson shall call or cancel meetings as required.

1. Organizational Meetings

- 1.1 An Organizational Meeting of the Charter Board shall be held annually. The first official meeting of the Charter Board following the election of Directors shall be an Organizational Meeting.
- 1.2 The Superintendent or designate will give notice of the Organizational Meeting to each Director as if it were a Special Meeting. The Superintendent or designate shall call the meeting to order and act as Chairperson of the meeting until a Chairperson is elected.
- 1.3 Each new Director will take the Oath of Office immediately following the call to order of the Organizational Meeting.
- 1.4 The Board will elect one Director to act as Chairperson by ranked secret ballot (see Appendix B) unless the Charter Board has unanimously resolved to elect a Board Chair by an alternate process. Upon election as Chair, the Charter Board

Chairperson shall preside over the remainder of the Organizational Meeting. The Board Chairperson shall normally be elected for a period of one year.

- 1.5 The Board shall, in addition:
 - 1.5.1 Elect one Director to act as Vice-Chairperson by ranked secret ballot;
 - 1.5.2 Subject to 1.5.4, elect one Director to act as secretary by ranked secret ballot, or The Board may vote to delegate the duties of the secretary, through the Superintendent, to a staff member;
 - 1.5.3 Subject to 1.5.4, elect one Director to act as Treasurer by ranked secret ballot, or The Board may vote to delegate the duties of the Treasurer, through the Superintendent, to a staff member;
 - 1.5.4 Instead of 1.5.2 and 1.5.3, the Board may elect one Director to act as both Secretary and Treasurer (i.e. Secretary-Treasurer). The Board may delegate the duties of the Secretary-Treasurer through the Superintendent to a staff member:
 - 1.5.5 Appoint Directors to serve as members of Charter Board Committees (Policy 8).
 - 1.5.6 Appoint Charter Board representation on the various Boards or committees of organizations or agencies where the Charter Board has regular representation, as appropriate;
 - 1.5.7 Establish an annual Charter Board calendar;
 - 1.5.8 Review Foundations for the Future Charter Academy (FFCA) banking arrangements;
 - 1.5.9 Review FFCA audit arrangements;
 - 1.5.10 Review the Directors' Handbook;
 - 1.5.11 Address other organizational items as required.

2. Public Board Meetings

Regular Public Board Meetings will be held in accordance with the approved annual Charter Board calendar in a location, manner and at a time set by the Executive Committee. Notice of Public Board Meetings will be posted on the FFCA website and notification to Society members via email a minimum of forty-eight (48) hours prior to the meeting or as otherwise permitted or required by FFCA Bylaws.

- 2.1 The Board will hold public Charter Board meetings a minimum of four (4) times per school year.
- 2.2 Notwithstanding the schedule established at the Organizational Meeting, the Charter Board may alter the schedule for Public Board Meetings in such manner as it deems appropriate. All Directors shall notify the Charter Board Chairperson if they are unable to attend a Charter Board meeting. Failure to attend may result in disqualification.
- 2.3 All Directors who are absent from three consecutive meetings shall:
 - 2.3.1 Obtain authorization in advance by resolution of the Charter Board to do so; or
 - 2.3.2 Provide to the Charter Board Chairperson evidence of illness in the form of a medical certificate respecting the period of absence; or
 - 2.3.3 Obtain a leave of absence (for an extended period).
- 2.4 If both the Charter Board or Vice-Chairperson, through illness or other cause, are unable to perform the duties of the office of Charter Board Chair or are absent, the Charter Board shall appoint from among its members an acting Charter Board Chair, who on being so appointed has all the powers and shall perform all the

duties of the Charter Board Chairperson during the Charter Board Chair's and Vice-Chairperson's inability to act or absence.

2.5 The Superintendent and/or designate shall be entitled and expected to attend Public Board Meetings unless otherwise directed not to attend by the Board (such as when the Superintendent's contract is being discussed).

3. Special / Emergency Meetings

Unanticipated or emergent issues occasionally require immediate Charter Board attention and/or action.

- 3.1 Unscheduled meetings of the Charter Board may be called by the Charter Board Chairperson or a majority of Directors.
- 3.2 Notice of a Special Meeting can be made by phone, text or email.
- 3.3 Subject to 3.6, provided a quorum is present at a Special Meeting, the Charter Board may waive notice of the meeting and pass resolutions that can be acted upon.
- 3.4 Any business transactions or resolutions passed, and the meeting minutes must be disclosed at the next Public Board Meeting.
- 3.5 Special Meetings shall be open to the public, recognizing that specific agenda matters may be held in Closed Session.
- 3.6 During Special Meetings, the content of Board decision-making shall be limited to the matters identified in the notice of the Special Meeting unless all Directors are present.
- 3.7 The Superintendent and/or designate shall be entitled and is expected to attend Special Meetings unless otherwise directed not to attend by the Board (such as when the Superintendent's contract is being discussed).

4. Participation in Meetings by Electronic Means

In accordance with the relevant section(s) of the *Education Act* and FFCA Bylaws (Section 5.3), the Charter Board may hold a meeting using electronic means or other communication facilities, and Directors may "attend" such meetings remotely. The means used must enable each Director participating in the meeting and any members of the public attending the meeting to hear all the other Directors. Directors participating in such meetings by electronic means or other communication facilities are deemed to be present at the meeting.

- 4.1 At least one of the following persons named in each of 4.1.1 and 4.1.2 must be present at the Charter Board office during the meeting:
 - 4.1.1 A member of the Charter Board;
 - 4.1.2 The Superintendent or designate.
- 4.2 Reasonable steps must be taken to notify the public of the manner in which members of the public may participate.
- 4.3 A Director must ensure the means and location used to participate in the meeting will allow moving into Closed Session and will meet all requirements of a Closed Session.

5. Closed Sessions

The Bylaws of the FFCA Charter School Society define the term "Closed Session" to mean a meeting of the Board at which sensitive/confidential issues (e.g. related to personnel, legal, property) may be considered. The terms "private," "executive session," and "incamera" are synonymous with "Closed Session." Preserving and enhancing the public's trust in the educational system is an important priority of the Charter Board. The Charter Board believes that public trust is preserved by conducting open Charter Board meetings. Notwithstanding this belief, matters of unusual sensitivity occasionally require the Charter Board to hold Closed Sessions.

- 5.1 The Charter Board may, by resolution, schedule a Closed Session at a time and place agreeable to the Charter Board or recess a meeting in progress for the purpose of meeting in Closed Session. Such resolutions shall be recorded in the minutes of the Charter Board and shall specify those individuals eligible to attend in addition to the Directors and the Superintendent.
- 5.2 The Board may convene in Closed Session only to discuss matters of a sensitive nature, as per the *Charter Schools Regulation*, s. 14 and the *Education Act*, s. 64. Sensitive matters may include:
 - 5.2.1 Personal Information
 - 5.2.1.1 Individual students;
 - 5.2.1.2 Individual employees;
 - 5.2.2 Matters relating to confidential negotiations;
 - 5.2.3 Information relating to acquisition/disposal of real property;
 - 5.2.4 Litigation brought by or against the Charter Board;
 - 5.2.5 Other topics that a majority of the Directors present feel should be held in private, in the public interest.
- 5.3 Such sessions shall be closed to the public and press. The Charter Board shall only discuss the matter(s) that gave rise to the Closed Session. Charter Board members and other persons attending the session shall maintain confidentiality and shall not disclose the details of the discussion at such sessions.
- 5.4 During the Closed Session, the Charter Board shall not make any resolution except such resolution as required to end the Closed Session and reconvene the Charter Board in an open public meeting.
- 5.5 The resolution (motion) to go into Closed Session and the resolution to revert to the Public Board Meeting must be recorded in the minutes of the Public Board Meeting.
- 5.6 Once the Charter Board reverts to the Public Board Meeting, any decision reached during the Closed Session must be ratified by resolution to be of force.

6. Agenda for Public Board Meetings

Unless the Charter Board Chairperson directs otherwise, the Superintendent is responsible for preparing an agenda for Charter Board meetings in consultation with the Charter Board Chairperson and the Vice-Chairperson. The Board authorizes the right of the Board Chairperson to set the agenda where the Chair deems it appropriate.

- 6.1 Items scheduled for a specific time shall be clearly identified on the agenda. The order of business will be established by the Executive Committee and may include:
 - 6.1.1 Call to order;
 - 6.1.2 Closed session (if necessary);
 - 6.1.3 Approval of agenda;
 - 6.1.4 Approval of consent agenda;
 - 6.1.5 Approval of minutes and electronic votes of the Charter Board;
 - 6.1.6 Business arising;
 - 6.1.7 Appointments/delegations;
 - 6.1.8 Action items;
 - 6.1.9 Discussion items;
 - 6.1.10 Policies;
 - 6.1.11 Administrative Procedures under review;

- 6.1.12 Reports and information items;
- 6.1.13 Open to the gallery;
- 6.1.14 Charter Board Chair's remarks;
- 6.1.15 Adjournment.
- 6.2 The agenda will be supported by copies of letters, reports, contracts and other materials pertinent to the business that will come before the Charter Board and will be of value to the Charter Board in performing its duties. Each action item will include a clear recommendation.
- 6.3 Items may be placed on the agenda in one of the following ways:
 - 6.3.1 By submitting a request to the Charter Board Chairperson or Superintendent at least eight calendar days prior to the Charter Board meeting;
 - 6.3.2 By notice of motion at the previous meeting of the Charter Board;
 - 6.3.3 As a request from a committee of the Charter Board.
- 6.4 Agendas for all Public Board Meetings will be made available a minimum of 48 hours prior to the meeting.
- 6.5 The agenda package, containing the agenda and supporting information, will be provided to each Director at least 48 hours prior to a Public Board Meeting and as soon as practical in the event that the 48 hour requirement cannot reasonably be met in the case of a Special Meeting. Subsequently, information may be provided at the meeting; further, the Superintendent shall advise the Charter Board Chairperson regarding the emergent nature of such information.
- 6.6 The Charter Board will follow the order of business set by the agenda unless the order is altered or new items are added by agreement of the Charter Board.
- 6.7 During the course of the Charter Board meeting, the majority of Directors present may amend the agenda and place items before the Charter Board for discussion. The Charter Board may take action on such items.
- 6.8 Agenda packages may be made available to the public.

7. Minutes for Emergency or Public Board Meetings

The Charter Board shall maintain and preserve a record of its proceedings and resolutions by means of minutes.

- 7.1 The minutes shall record:
 - 7.1.1 Date, time and place of meeting;
 - 7.1.2 Type of meeting;
 - 7.1.3 Name of the presiding officer;
 - 7.1.4 Names of Directors, staff and presenters in attendance;
 - 7.1.5 Approval of preceding minutes;
 - 7.1.6 All resolutions, including the Charter Board's disposition of the same, placed before the Charter Board, are to be entered in full;
 - 7.1.6.1 The numbering of motions is to be by date (year/month/day) and then in numbered order;
 - 7.1.7 Names of persons making the motions;
 - 7.1.8 A brief summary with sufficient background material to ensure that the Board's intent is clear;
 - 7.1.9 Points of order and appeals;
 - 7.1.10 Appointments;
 - 7.1.11 Public announcements;
 - 7.1.12 Receipt of written reports of committees, including a copy of the written reports in the format detailed in Appendix A;
 - 7.1.13 The vote on all motions;

- 7.1.14 Whenever a counted or recorded vote is requested in accordance with this policy, the requested information will be published.
- 7.1.15 Policies as read.
- 7.1.16 Departure and re-entry times of Directors (when absent for a vote on a motion); and
- 7.1.17 The time of adjournment.
- 7.2 The minutes shall:
 - 7.2.1 Be prepared as directed by the Society's Secretary, unless the duties of the secretary have been delegated to a staff member, in which case, and subject to 7.2.1.1, as directed by the Superintendent who may consult with the Society's Secretary;
 - 7.2.1.1 Where the Superintendent is unable to prepare minutes in consultation with the Society's secretary, the Board Chairperson shall identify a Director responsible for preparing the minutes;
 - 7.2.2 Be reviewed by the Board Chairperson prior to submission to the Charter Board;
 - 7.2.3 Be considered an unofficial record of proceedings until such time as adopted by a resolution of the Charter Board; and
 - 7.2.4 Upon adoption by the Charter Board, be deemed to be the official and sole record of the Charter Board's business.
- 7.3 The Superintendent or designate will establish and maintain a file of all Charter Board minutes.
- 7.4 As part of its ongoing effort to keep staff and Society members fully informed concerning its affairs and actions, the Charter Board expects the Superintendent to institute and maintain effective and appropriate procedures for the prompt dissemination of information about decisions made at all Charter Board meetings.
- 7.5 Approved minutes will be made available within two weeks of approval.
- 7.6 The approved minutes of an Emergency or Public Board Meeting shall be posted to the FFCA website as soon as possible following approval. The Superintendent or designate is responsible for distributing and posting the approved minutes.

8. Motions

8.1 Notice of Motion

The notice of motion serves the purpose of officially putting an item on the agenda of the next or future Public Board Meeting and gives notice to all Directors of the item to be discussed. A notice of motion is not debatable and may not be voted on. Discussion on Motions

- 8.2 Discussion on Motions
 The custom of addressing comments to the Charter Board Chairperson is to be followed by all persons in attendance. A Charter Board motion or a recommendation from the Superintendent must generally be placed before the Charter Board prior to any discussion taking place on an issue. Once a motion is before the Charter Board and until it is passed or defeated, all speakers shall confine their remarks to the motion or to the information pertinent to the motion. Motions may be submitted by any Director, including the Charter Board Chair.

 8.3 Speaking to the Motion
 - 3 Speaking to the Motion The mover of a motion speaks first, and every Director shall have an opportunity to speak to the motion. The Charter Board Chairperson will normally speak just prior to the last speaker, who will be the mover of the motion. The mover of the motion is permitted to close debate on the motion. As a general guide, a Director is not to speak longer than five (5) minutes on any motion. The Charter Board Chairperson

has the responsibility to limit the discussion by a Director when such a discussion is repetitive or digresses from the topic at hand or where discussion takes place prior to the acceptance of a motion. No one shall interrupt a speaker unless it is to ask for important clarification of the speaker's remarks, and any such interruption shall not be permitted without permission of the Charter Board Chair. When a Director arrives at the meeting after a motion has been made and prior to taking a vote, the Director may request further discussion prior to the vote. The Charter Board Chairperson shall rule on further discussion.

8.4 Reading of the Motion A Director may require the motion under discussion to be read at any time during the debate except when a Director is speaking.

8.5 Counted Vote

Whenever a counted vote is requested by any one Director immediately after a vote is taken, the minutes shall record the number of Directors who voted for and against the matter.

8.6 Recorded Vote

Whenever a recorded vote is requested by at least two Directors before the vote is taken, the minutes shall record the names of the Directors who voted for or against the matter. Immediately after a vote is taken and on the request of a Director, the minutes shall record the name of that Director and whether that Director voted for or against the matter.

8.7 Required Votes

The Charter Board Chairperson and all Directors present, unless excused by resolution of the Charter Board or by the provisions of the *Education Act* or FFCA bylaws, shall vote on each question. Directors' votes have equal weight. Each question shall be decided by a majority of the votes of those Directors present. A simple majority of a quorum of the Charter Board will decide in favour of the question. In the case of an equality of votes, the question is defeated. A vote on a question shall be taken by open vote, expressed by show of hands, except the vote to elect the Charter Board Chairperson or Vice-Chairperson, which is by ranked secret ballot.

8.8 Debate

In all debates, any matter of procedure in dispute shall be settled, if possible, by reference to Parliamentary Procedure at a Glance (O. Garfield Jones). If this reference is inadequate, the procedure may be determined by a motion supported by the majority of Directors in attendance.

8.9 Motion to Refer

If a motion needs to be discussed much more informally or at greater length than is possible in the meeting, the Charter Board may refer the motion for further consideration to an existing or a new committee under the guidance of Policy 8. Any such motion should specify the committee to refer the motion to and instructions on when the Charter Board expects to receive a written report of recommendations for and/or amendments to the motion in the format detailed in Appendix A.

9. Delegations at Charter Board Meetings

The Charter Board is accountable to the membership of FFCA and utilizes the input of its membership to effectively fulfill its mandate. FFCA promotes the involvement of its membership in the decision-making process by encouraging members to make presentations to the Charter Board.

- 9.1 Requests to make presentations to the Charter Board will be by written submission to the Charter Board Chairperson and/or the Superintendent.
- 9.2 The Executive Committee will decide the appropriateness of the delegation's request to be placed on the Charter Board agenda.
 - 9.2.1 When determining appropriateness of the presentation request, particular consideration will be given to the extent to which the presenter has followed Charter Board policy, the potential to prejudice the Charter Board's ability to hear an appeal, and whether or not it is repetitious.
- 9.3 The Executive Committee will determine if the presentation to the Charter Board is to be held in public or in closed session.
 - 9.3.1 Matters pertaining to personnel and legal and property issues will be considered in closed session.
- 9.4 The written presentation will be forwarded by the delegation to the Superintendent at least ten working days prior to the meeting for distribution to the Charter Board.
 - 9.4.1 Presentations will be in writing and will be supported by oral comments at the meeting. The spokesperson for the delegation will be identified in the written presentation.
- 9.5 Relevant background information and other perspectives related to the delegation's presentation, if any, will be prepared by the Superintendent for distribution to the Charter Board.
- 9.6 The spokesperson will be notified at least one week in advance regarding the placement of the item on the agenda and of the time allotted for the presentation.
- 9.7 The spokesperson will be notified if the Charter Board intends to address the delegation's issue at a subsequent meeting.
- 9.8 In emergent situations where the above procedure cannot be followed, the Executive Committee will justify the emergency, then provide an outline of the subject and background information prior to the delegation appearing before the Charter Board.

10. Audio/Video Recording Devices

The Charter Board expects that anyone wanting to use recording devices at a Public Board Meeting shall obtain prior approval from the Charter Board Chair.

DIRECTOR HONORARIA AND EXPENSES

Directors on the FFCA Charter Board provide many hours of service in fulfilling their legislated responsibilities to govern the FFCA Charter School Society (the Society). Directorship carries with it a liability and accountability to both the Minister of Education and the Society members. FFCA will recognize the contributions made by Directors through the provision of honoraria. These honoraria are wholly gratuitous in nature, and neither the Board as a group nor any individual of the Board will have the ability to enforce payment of these honoraria by legal suit. As such, honoraria of this nature do not qualify as remuneration, which Charter Board members are unable to receive under Charter School Regulations 14(6).

1. For time spent attending to Charter Board-directed business, Directors will be eligible to receive honoraria based on the following:

Honorarium Schedu	le (effective November 19, 2014)
Per Diem Honorarium	\$40 for a meeting (2 hours or less)
	\$75 for a meeting (4 hours or less)
	\$150 for a full-day meeting (4 hours or more)
	\$225 for an extended day (8 hours or more)
Chairperson's Honorarium	\$4,500 per year plus meeting per diem
Vice-Chairperson's Honorarium	\$2,250 per year plus meeting per diem

- 2. Directors will be eligible to receive honoraria for attendance at the following Board-directed activities:
 - 2.1 Public Board Meetings and Special Meetings of the Charter Board;
 - 2.2 Committee Meetings of the Charter Board;
 - 2.3 Authorized workshops, conventions, and retreats;
 - 2.4 School Council meetings;
 - 2.5 Other Charter Board-directed meetings and activities.
- 3. Directors have the option to waive honoraria.
- 4. Directors will not receive honoraria for activities of a service orientation.
- 5. Directors will group meetings into units of 2 hours, $\frac{1}{2}$ day, full-day or extended day.
- 6. Payment of honoraria will be made monthly following submission and approval of the appropriate forms.
- 7. For the purpose of the *Income Tax Act*, honoraria paid to Directors will be included in the computation of Directors' taxable income.
- 8. Mileage and other valid expenses incurred by Directors in their role as Directors on behalf of the Society may be reimbursed on submission of appropriate forms and receipts (if applicable). The per kilometre rate is set annually according to the Alberta Treasury Board's allowable rates.

DIRECTOR CONFLICT OF INTEREST

The Director is directly responsible to the Society membership and to the Charter Board. Upon election to office and annually thereafter, the Director must complete a disclosure of personal interest statement and accept a position of public trust as required by Section 86 of the *Education Act* as follows:

- 86(1) Each trustee of a board shall file with the Board's secretary, a statement showing
 - (a) the names and employment information of the trustee and the trustee's spouse or adult interdependent partner,
 - (b) the names of the corporations, partnerships, firms, governments or persons in which the trustee has a pecuniary interest, and
 - (c) the names of the corporations, partnerships, firms, governments or persons in which the trustee's spouse or adult interdependent partner or children under 18 years of age have a pecuniary interest.
- 86(2) The Board's secretary shall
 - (a) compile a list of all the names reported on the statements filed with the secretary, and

(b) provide a copy of the list to (i) all the trustees of the Board, and (ii) the officials and employees of the Board that the Board directs shall receive a copy.

The Director is expected to act in a manner that will enhance the trust accorded the Director and, through the Director, the trust accorded to the Charter Board.

The Charter Board is of the firm conviction that its ability to discharge its obligations is dependent upon the trust and confidence of the Society membership in its Charter Board and in its Director members. Therefore, the Charter Board believes in the requirement to declare a conflict of interest.

- 1. The Director is expected to be conversant with the relevant sections of the Education Act.
- 2. The Director is responsible for declaring themselves in possible conflict of interest.
 - 2.1 The Director shall make such declaration in an open meeting prior to Charter Board or committee discussion of the subject matter, which may place the Director in a conflict of interest.
 - 2.2 Following the declaration of conflict of interest by a Director, all debate and action shall cease until the Director has left the room.
- 3. It shall be the responsibility of the Director-in-conflict to be absent from the meeting in accordance with the requirements of the *Education Act* and to ensure that the declaration and absence are recorded in the minutes.
- 4. The recording secretary will record the following in the minutes:
 - 4.1 The Director's declaration;
 - 4.2 The Director's abstention from the debate and the vote; and
 - 4.3 The Director left the room in which the meeting was held.

CHARTER BOARD PERFORMANCE REVIEW

The Charter Board performance review shall be undertaken in conjunction with the Superintendent evaluation to reinforce alignment of purpose.

APPENDIX B: RANKED SECRET BALLOT PROCESS

Directors will vote for a candidate for the position of Chairperson and rank the candidates listed on the ballot by writing the number one (1) next to their first choice, the number two (2) next to their second choice, and so on, until they have completed the ranking of any candidates they wish to vote for. Directors are not required to rank all candidates on the ballot.

The completed ballots are then tallied by the scrutineers. Vote counts are initially counted based on each Director's first choice. If a candidate for Chairperson receives more than half of the votes cast, the person presiding over the election (Superintendent) shall announce the name of the successful candidate. That candidate will declare whether or not they will accept the position. If they decline, they will be considered an eliminated candidate, and the ballots assigned to them will be added to the totals of the remaining candidates based on the next preference indicated on each ballot.

If, in any counting round of the ballots, no candidate receives more than half the votes cast, the candidate with the fewest votes is eliminated. (If two or more candidates are tied with the fewest number of votes, they are all eliminated.) Ballots assigned to the eliminated candidate(s) are recounted and added to the totals of the remaining candidates based on the next preference indicated on each ballot. This process is repeated until one candidate obtains an absolute majority of the votes. That candidate will declare whether or not they will accept the position.

The process above (reassignment of the ballots of the declining candidate, if applicable, followed by the reassignment of the ballots of the eliminated candidate(s)) continues until a candidate accepts the position.

If, after all other candidates have been eliminated, two or more candidates have an equal number of votes, the scrutineers will prepare new ballots with only the names of the remaining candidates in alphabetical order. The voting and counting process described above is repeated until a candidate obtains more than half the votes cast.

Once a Chairperson has been elected, the scrutineers will destroy all ballots and any record of the vote count. The scrutineers cannot divulge the number of votes cast for any candidate.

Once elected, the Chairperson presides over the remainder of the organizational meeting and oversees this process for the election of the remaining officers.

POLICY 08 – CHARTER BOARD COMMITTEES AND REPRESENTATIVES

I. CHARTER BOARD COMMITTEES

PREAMBLE

The Foundations for the Future Charter Academy (FFCA) Board of Directors (the "Board") may establish Committees in accordance with the *Education Act* and the Bylaws of the FFCA Charter School Society (*FFCA Bylaws* Article IX).

Committees may not make decisions on behalf of the Board unless authorized by the Board to do so, and only where this is permissible under the *Education Act*. The Board possesses certain legal powers and prerogatives which cannot be delegated or surrendered to others. Committees may research and make recommendations to the Board regarding the Committee's issues, as directed by the Board. Committees may establish sub-committees to carry out the functions of the Committee. The Board will have the power to dissolve any Committee at any time. (*FFCA Bylaws* Section 9.4)

GENERAL REQUIREMENTS

- 1. The Board may appoint Standing Committees and Ad Hoc Committees and shall prescribe their powers and duties. (*Education Act* 2020 Section 52(1)(b))
- 2. The Board Chairperson shall act as an ex-officio member and shall have all privileges, except for the right to vote, of all Committees established by the Board (*FFCA Bylaws* Section 8.2) and is not counted towards the Committee's quorum.
- 3. Each Committee, chaired by a Director, will consist of a specified number of Members. The number of Directors on each Committee (not counting ex-officio members) will not equal or exceed the number of Directors that meet quorum, except for the Expulsion Committee. The Board may invite persons from the community, staff, or Associate Members to sit on the Committee (*FFCA Bylaws* Section 9.3). No Committee may have more than four voting Directors as members.
- 4. Staff appointed to Committees shall have all privileges, except for the right to vote, and are not counted towards the Committee's quorum.
- 5. All other Committee members shall have all privileges, including the right to vote, and are counted towards the Committee's quorum.
- 6. Committees are charged with completing their work, as assigned by the Board, in a timely and thorough manner. They are required to complete their work and present their findings, along with recommendations, to the Board for decisions they are not authorized to make.
- 7. At its annual Organizational Meeting, the Board will select a Committee Chairperson for each Committee. The relevant Committee Chairperson's responsibilities include the following in respect of that Committee:
 - 7.1 Set meeting times and dates, review Committee Terms of Reference, and establish agendas.
 - 7.2 Assign a Director to prepare a report on Committee meetings.
 - 7.3 Ensure reports are made available to the Board

- 7.4 Hold Committee members accountable for their work.
- 7.5 Maintain communication with the Board Chairperson regarding the work of the Committee.
- 7.6 Report on the work of the Committee to the Board and Society in the Public Board Meetings.
- 7.7 Develop and present an annual Committee budget to the Executive Committee.
- 8. The Superintendent may appoint resource personnel to work with representatives and determine the roles, responsibilities, and reporting requirements of resource personnel.
- 9. The reports of all Committee meetings will be in the form contained in the Appendix to this Policy and shall include a list of those in attendance and a summary of discussions, actions, and resolutions that the majority of the Committee has adopted.
- 10. "Parliamentary Procedure at a Glance" by O. Garfield Jones will be followed as deemed necessary by the Committee.
- 11. The minority may submit a report consisting of their views on any resolution adopted by the majority.
- 12. Honoraria may be paid to volunteers, who are neither Directors nor employees, appointed to Committees established by the Board at a rate not to exceed the per diem honorarium rates for Directors.
- 13. When the Committee is dissolved, all reports will be forwarded to the Board's Secretary for keeping.

STANDING COMMITTEES

Standing Committees assist the Board with work of an ongoing or recurring nature. Standing Committee members are usually appointed annually at the Organizational Meeting. The appointed member shall serve on the Committee for one year unless they cannot perform the duties assigned or are replaced by a subsequent appointment. See the Committee's Terms of Reference for the mandate, composition, meeting schedule, responsibilities, and accountability.

- 1. Executive Committee
 - 1.1 Purpose: to provide leadership for the Board operations and coordination, strategic planning, and Board succession.
 - 1.2 Powers and Duties: as per the Executive Committee Terms of Reference, reviewed annually.
 - 1.3 Membership: the Board Chairperson, the Board Vice-Chairperson, the Superintendent of FFCA (collectively the "Permanent Members") and any other individual(s) unanimously agreed upon by the Permanent Members.
 - 1.4 Meetings: as scheduled.
- 2. Audit Committee
 - 2.1 Purpose: to assist and advise the Board on the FFCA's annual financial reporting processes and aid the Board in fulfilling its governance responsibilities.
 - 2.2 Powers and Duties: as per the Audit Committee Terms of Reference, reviewed annually.
 - 2.3 Membership: no less than five individuals, two of whom must not be Directors (Education Act, s. 142). To be determined as per the Audit Committee Terms of Reference, reviewed annually.
 - 2.4 Meetings: as scheduled.

- 3. Governance Committee
 - 3.1 Purpose: to develop and recommend FFCA's approach to good governance and support the development and maintenance of FFCA's governance framework. Additionally, the Committee will support and oversee Board Member recruitment and lead processes to evaluate the effectiveness of the Board, Committees, and individual Board Members.
 - 3.2 Powers and Duties: as per the Governance Committee Terms of Reference, reviewed annually.
 - 3.3 Membership: as per the Governance Committee Terms of Reference, reviewed annually.
 - 3.4 Meetings: as scheduled.
- 4. Expulsion Committee
 - 4.1 Purpose: to review Administration recommendations for student expulsions to ensure that they are fair and consistent with the Board Policies, FFCA Bylaws, the Education Act, and other relevant legislation.
 - 4.2 Powers and Duties: as per the Expulsion Committee Terms of Reference, reviewed annually.
 - 4.3 Membership: as per the Expulsion Committee Terms of Reference, reviewed annually.
 - 4.4 Meetings: as scheduled.

AD HOC COMMITTEES

Ad Hoc Committees assist the Board on a specific project for a particular period. The Terms of Reference for each Ad Hoc Committee will be established by Board motion at the time of formation. The Terms of Reference will be posted on the FFCA website.

II. CHARTER BOARD REPRESENTATIVES

PREAMBLE

The Charter Board may appoint Directors to represent the Charter Board on various external committees, agencies, and organizations. Such representation is established at the discretion of the Charter Board to facilitate the exchange of information on matters of mutual concern and discuss possible agreements between the Charter Board and other organizations.

The Charter Board will determine the Power and Duties of each representative. The Superintendent may appoint resource personnel to work with representatives and define the roles, responsibilities, and reporting requirements of resource personnel.

REPRESENTATIVE APPOINTMENTS

The following organizations will have Charter Board representation as determined at the annual Organizational Meeting.

- 1. The Association of Alberta Public Charter Schools (TAAPCS) Representative
 - 1.1 Purpose: to act as a forum to discuss relevant, timely and emerging issues and discuss and develop policy decisions.
 - 1.2 Powers and Duties
 - 1.2.1 Attending TAAPCS meetings.
 - 1.2.2 Represent the Board's positions and interests.
 - 1.2.3 Communicate the work of the Association to the Board.
 - 1.2.4 Build relationships.
 - 1.3 Membership: one Director.
 - 1.4 Meetings: as scheduled.
- 2. The Association of School Councils (ASC) Representative
 - 2.1 Purpose: to act as a forum to discuss relevant, timely and emerging issues identified by individuals, Board of Directors, Alberta Education, and other sources.
 - 2.2 Powers and Duties
 - 2.2.1 Attending Association meetings.
 - 2.2.2 Build relationships.
 - 2.2.3 Communicate the work of the Association to the Charter Board.
 - 2.3 Membership: one Director.
 - 2.4 Meeting: two meetings per year, one hosted by the ASC and one by the Board representative.
- 3. Other Standing Representative Appointments
 - 3.1 Upon request, the Board may assign a representative to any other entity at the Board's discretion.

POLICY 10 - POLICYMAKING

PREAMBLE

The Foundations for the Future Charter Academy (FFCA) Board Policies create the framework within which the school organization operates. The FFCA Board (the "Board") understands that one of its key responsibilities is the development of policies which provide direction for the operation of FFCA.

Adopting new or revising / rescinding existing Board Policies is solely the Board's responsibility.

The Board shall be guided in its policymaking approach by ensuring adherence to the requirements necessary to provide public education and compliance with the *Education Act* and provincial and federal legislation.

Board Policies shall provide an appropriate balance between the responsibility of the Board to develop the broad guidelines to guide FFCA and the opportunity for the Superintendent to exercise professional judgment in the administration of FFCA, including through the enactment of Administrative Procedures by the Superintendent.

The Board believes in the establishment and review of Board Policy, which reflects its values and perspectives.

The Board follows the G-TEC (Governance Through Engagement and Collaboration) Policy Model. This model has four dominant themes: Engagement, Collaboration, Role Clarity, and Assurance/Accountability. The model provides a general framework for policy-making focused on transforming the Board's will into reality while ensuring compliance with legal requirements and respecting individual Board culture / autonomy.

POLICYMAKING STAGES

The Board shall adhere to the following stages in its approach to policymaking:

- 1. **Planning**: the FFCA Board, in cooperation with the Superintendent, shall assess the need for a policy as a result of its own monitoring activities or on the suggestion of others and identify the critical attributes of each policy to be developed.
- 2. **Development**: the Board may develop policy itself or delegate the responsibility for drafting and aspects of its development to the Superintendent or to a committee (standing or ad hoc)
- 3. **Enactment**: the Board is solely responsible for enacting and adopting policies through Board resolutions.
- 4. **Implementation**: the Board is responsible for the implementation of policies governing its own processes. The Board and Superintendent share responsibility for implementing policies relating to the FFCA Board-Superintendent relationship. The Superintendent is responsible for implementing the other policies.
- 5. **Evaluation**: the Board, in cooperation with the Superintendent, shall evaluate each policy in a timely manner in order to determine if it is meeting its intended purpose.

Process Requirements: in rare instances, in order not to fetter its discretion, the Board reserves the right to disregard the particular process noted below. In all other instances, the process will be as follows:

STEP I – Identification and Development

- 1. Any Director, staff member, Society member, student or school council may make suggestions regarding the possible development of a policy or the need for policy revisions on any matter by presenting a proposal for a policy or revisions / rescindments, in writing to the Superintendent. The proposal shall contain a brief statement of purpose or rationale.
- 2. The Superintendent will inform the Board of the request for policy development/revision/rescindment. The Board will determine the action to be taken.
- 3. If necessary, the Board may refer to a committee or the Superintendent to draft amendments to an existing policy, draft a new policy, or evaluate the rescindment of a policy. The Board, committee, or Superintendent may meet with stakeholders as part of the development/rescindment process.
- 4. When appropriate, the Board, committee, or Superintendent may seek legal advice on the policy's intent and wording or on the ramifications of rescinding a policy. Committees seeking legal advice will submit the request via the Committee Chair to the Executive Committee to engage legal counsel.

STEP II – First Reading

- 5. If the request was referred to the Superintendent, draft amendments or a recommendation for rescindment is brought by the Superintendent to the Governance Committee for review. The Governance Committee will include its recommendation for first reading in its committee report.
- 6. If the request was referred to a committee, the committee will bring the policy draft or rescindment to the Board in its committee report as a recommendation for first reading.
- 7. The Board shall consider the recommendation at a Public Board Meeting (the "First Reading"). If accepted in principle by the FFCA Board at the First Reading, the proposed policy, policy amendment, or policy rescindment will be referred to:
 - 7.1 Campus Administrators for feedback from campus staff;
 - 7.2 School Councils for feedback from parents;
 - 7.3 Other groups and individuals as deemed necessary; and
 - 7.4 Posted prominently on the FFCA website to enable individuals and groups to provide comments, suggestions, and alterations ("Policy Feedback"), which must be delivered to the Superintendent.

Policy Feedback must be received by the Superintendent within 14 days of the reading or by a deadline of at least 14 days after the reading if otherwise specified by the Board at the time of the reading.

STEP III – Second Reading & Third Reading

- 8. At a future Public Board Meeting, Policy Feedback received after First (or Second) Reading will be shared with the FFCA Board through the Governance Committee report.
- 9. The Board shall consider the proposed policy, policy amendment, or policy rescindment and policy feedback at the subsequent meeting. The proposed policy, policy amendment, or policy rescindment may then be moved immediately for third reading (final approval by Board resolution).
- 10. If it is not moved through third reading, it will be redistributed for further feedback according to the steps outlined in Item 7 above following which Items 8 and 9 will be repeated. However, if the matter is not moved successfully for final approval, it will not be adopted.

URGENT CIRCUMSTANCES

11. Under urgent circumstances, the Board may, by resolution, approve a new policy, amend an existing one, or rescind a policy at any Emergency Meeting or Public Board Meeting without following the abovementioned process. An urgent circumstance is a situation for which the Board deems that the consequences would be irreversible/irreparable if a new or amended policy were not in effect or if an existing policy continues to be in effect within the timeframe specified above.

MINOR AMENDMENTS

12. The Board may disregard the process outlined in this Policy where proposed amendments to a policy are minor and do not change the meaning or intent of the policy. In this case, the Board may approve the amendments by resolution at a Public Board Meeting.

BYPASSING THREE READINGS

13. Whenever the customary three readings are bypassed, Campus Administrators and School Councils will be notified of the changes made. A notice will also be posted prominently on the FFCA website to notify all stakeholders of such changes.

OTHER RELEVANT MATTERS

- 14. Only those policies and resolutions adopted and recorded in the minutes constitute the Board's official policies.
- 15. In the absence of existing policy, the Board may make decisions by resolution on matters affecting the administration, management, and operation of FFCA. Such decisions carry the weight of policy until specific written policy is developed.
- 16. The Board may rescind a Policy at any time or adopt an Administrative Procedure as a Policy in accordance with the procedures outlined in this Policy.
- 17. The Board shall review its Policies on a five-year rotational basis unless otherwise specified within the Policy or by legislation.

ADMINISTRATIVE PROCEDURES

- 18. The Superintendent shall develop Administrative Procedures as deemed necessary for the effective operation of FFCA. These must be in accordance with Board Policies and not conflict with such Policies.
- 19. The Superintendent must inform the Board of any substantive changes to Administrative Procedures.
- 20. The Board may request the Superintendent to change an Administrative Procedure to a draft Board Policy and will provide the rationale for same.
- 21. Where a Policy is rescinded, the Superintendent may choose to develop an Administrative Procedure relevant to the subject matter of the former Policy.
- 22. The Superintendent shall arrange for all Board Policies, Administrative Procedures, and subsequent revisions to be posted on FFCA's website within two weeks of final approval for staff and public access.

POLICY 11 – CHARTER BOARD DELEGATION OF AUTHORITY

PREAMBLE

In the complex affairs of a charter school, there will be situations arising from time to time that are not directly addressed in the current policies of Foundations for the Future Charter Academy (FFCA). In order that the Charter Board can be assured of the smooth operation of FFCA, the Board expects that the Superintendent of Schools, as Chief Executive Officer of the Society will exercise professional discretion to address such matters in the absence of written formal direction.

GUIDING PRINCIPLES

Therefore, the Charter Board delegates to the Superintendent the authority to do any act or thing or exercise any power that the Board may, or is required to do or exercise, except:

- those matters which, in accordance with Section 52(4) of the *Education Act*, cannot be delegated
- those matters which, in accordance with the FFCA Bylaws, cannot be delegated
- those matters which the Charter Board has reserved to itself through policies or resolutions.

This delegation of power and authority includes the following:

- 1. The Superintendent is authorized to suspend from the performance of the teacher's duties or to terminate the services of a teacher in accordance with the requirements of the Education Act, and the decision shall not be appealable to the Charter Board (as per board motion 2023-01-25-1RA).
- 2. The Superintendent is authorized to suspend from the performance of duties or to terminate the services of any non-teacher staff member. The suspension or termination shall be in accordance with all relevant legislation, and the decision shall not be appealable to the Charter Board (as per board motion 2023-01-25-1RA).
- 3. The Superintendent is delegated with the authority to develop Administrative Procedures that are consistent with Alberta Education policies and procedures and is required to develop Administrative Procedures to fulfill Board obligations created by any federal legislation or provincial legislation other than the *Education Act*.

The foregoing includes the ability of the Superintendent to sub-delegate that authority where not prohibited by law.

POLICY 13 – APPEALS AND HEARINGS REGARDING STUDENT MATTERS

PREAMBLE

Every Foundations for the Future Charter Academy (FFCA) parent or student, who is 16 years of age or older (Independent Student) has the right to appeal to the Charter Board a decision by an FFCA employee that significantly affects the education of a student or child enrolled in an Early Childhood Services program as provided for in section 42(2) of the Education Act. The purpose of this appeal provision is to ensure that FFCA decisions and actions are made in a fair, open, and reasonable manner and in the best interests of students.

Matters Subject to Review and Prerequisite Steps

Before appealing a decision to the Board, a parent of the student or child must have followed the school dispute resolution policy established by the Board (Policy 9 – Being Heard), which provides guidance on procedures for resolving differences.

In instances where the dispute resolution process is unsuccessful, the Board of Directors will hear appeals that relate to individual student matters identified specifically in the *Education Act* as those that may be appealed to the Minister of Education. Under the relevant section(s) of the *Education Act*, the only matters on which the Minister of Education will consider appeals include the following:

- 1. Special education placement;
- 2. Language of instruction;
- 3. Home education programs;
- 4. Student expulsion;
- 5. Amount and payment of fees or costs;
- 6. Amount of fees payable by a Board to another Board;
- 7. Board responsibility for a specific student; or
- 8. Access to or the accuracy or completeness of the student record.

GUIDING PRINCIPLES

All Matters Other Than Expulsion of a Student

- 1. Requests for appeals to the Charter Board must be made in writing to the Superintendent within twenty (20) school days of the employee decision related to the appeal being rendered.
- 2. The Notice of Appeal must be in writing and include the following information:
 - (a) the name and address of the parent or student filing the appeal;
 - (b) the current grade placement of the student;
 - (c) the decision which is being appealed;
 - (d) the date the parent or student was informed of the decision;
 - (e) where the decision was communicated in writing, a copy of the decision;
 - (f) the grounds for appeal. To demonstrate sufficient grounds for appeal, the notice must claim that the employee failed to follow procedures as set out in FFCA policies, administrative procedures, or regulations; made a decision that was influenced by bias;

made a decision where there is no supporting evidence; or made a decision that is not reasonable;

- 3. Where a Notice of Appeal meets the above criteria, the Superintendent will provide a copy of said notice to all Board Directors. Charter Board appeal hearings will be held, and a written decision rendered, stating reasons for the decision, within twenty (20) school days of receipt of the request for an appeal.
- 4. Board Directors in conflict of interest or who believe their judgment is unduly biased will withdraw from the appeal process.
- 5. The Board or delegate may hear appeal matters based upon written submissions. For a written hearing, the Board or delegate shall notify the parent or student if it is necessary for the person to provide documentation and/or to make written submissions with the timelines for the provision of such documentation. The Board or delegate will provide a written report distributed to the parent or student. The parent or student shall be given an opportunity to respond, in writing, to the report. Upon considering the response, the Board or delegate will make a final decision on the appeal.
- 6. The Board or delegate may decide the matter based upon an oral hearing.
- 7. The Board or delegate may arrange for an oral hearing with the Charter Board and provide notice of the same to all parties.
- 8. The oral appeal hearing will allow all parties to speak to the issue(s) in dispute and present pertinent documents. The oral hearing is designed so that disputing parties will not require legal counsel; however, a person making an appeal may choose to be represented by legal counsel at their own cost. If legal counsel represents any party, all will be notified of this before the hearing.
- 9. The appeal will be heard in Closed Session, with specified individuals in attendance.
- 10. Hearings will proceed with the following steps in place:
 - 10.1 All parties present consent to proceed.
 - 10.2 The Chair of the appeal hearing will introduce all parties and begin by stating the purpose of the hearing as follows:
 - 10.2.1 The hearing will:
 - 10.2.1.1 ensure that all parties to the hearing understand the decision under review and the reason(s) for the review;
 - 10.2.1.2 provide an opportunity for both parties to make representation to support their position before the decision on the appeal is made;
 - 10.2.1.3 provide opportunity for each party to ask appropriate questions of clarification and to respond to statements made by the other;
 - 10.2.1.4 allow Board members to ask questions of clarification.
 - 10.3 Charter Board members will discuss the merits of the case in the absence of both parties, make a decision, advise both parties in writing of their decision, and provide reason(s) for their decision forthwith (*Education Act*).
 - 10.3.1 If the Charter Board requires additional information or clarification to make its decision, both parties to the appeal will be asked to reconvene for the required additional information.

Where appropriate, the Charter Board will inform both parties when the decision related to the matter being heard is subject to review by the Minister of Education (*Education Act*).

Expulsion of a Student

It is expected that all students will comply with relevant section(s) of the *Education Act*, Charter Board policy, Administrative Procedures, and campus procedures and rules.

In accordance with the relevant section(s) of the *Education Act*, the Charter Board delegates to the Expulsion Committee, a Committee of the Whole, the power to make decisions with respect to the expulsion of students.

The Expulsion Committee will hear representations with respect to a recommendation for a student expulsion in accordance with relevant sections of the *Education Act*.

If a student is not to be reinstated within five (5) school days of the date of suspension, the Principal Educator shall immediately report in writing all the circumstances of the suspension (*Education Act*) and provide a recommendation to the Expulsion Committee to the Superintendent.

The Superintendent will convene a closed session of the Expulsion Committee, which will not occur later than ten (10) school days from the first day of suspension (*Education Act*).

Parents of students and students sixteen (16) years of age or over have the right to be assisted by a resource person(s) of their choosing. The responsibility for engaging and paying for such assistance rests with the parents or students.

The Expulsion Committee may have legal counsel in attendance.

Notes of the proceedings will be recorded for the Charter Board's records.

The expulsion hearing will be conducted in accordance with the following procedures: 1. The Committee Chair will outline the purpose of the hearing, which is to:

- 1.1 Provide an opportunity to hear representations relative to the recommendation from the Principal Educator;
- 1.2 Provide an opportunity for the student and/or the student's parents to make representations;
- 1.3 Reinstate or expel the student.
- 2. The Committee Chair will outline the procedure to be followed, which will be as follows:
 - 2.1 The Principal Educator will present the report documenting the details of the case and the recommendation to expel the student;
 - 2.2 The student and the student's parents will be given an opportunity to respond to the information presented and to add any additional relevant information;
 - 2.3 The members of the Expulsion Committee will have the opportunity to ask questions of clarification from both the Principal Educator and the student and the student's parents;
 - 2.4 The Expulsion Committee will meet, without either the administration or the student and the student's parents present, to discuss the case and the recommendation. Legal counsel may also remain in attendance;
 - 2.5 Should the Expulsion Committee require additional information, both parties will be requested to return to provide the requested information;
 - 2.6 The Expulsion Committee will decide to either reinstate or expel the student; and

- 2.7 The Expulsion Committee decision shall be communicated in writing to the student and the student's parents within five (5) days of the hearing, with copies being provided to the Principal Educator and the Superintendent. The Superintendent's office will attempt to inform the parent(s) and the student of the decision by telephone or personal communication as soon as possible after a decision has been reached.
- 3. If the Expulsion Committee's decision is to expel the student, the following information must be included in the letter to the student and the student's parents, according to the *Education Act*:
 - 3.1 The length of the expulsion and any rules or conditions that apply to the student;
 - 3.2 The educational program and any supports and services to be provided (*Education Act*) to the student and the name of the individual to be contacted to make the necessary arrangements; and
 - 3.3 The right of the student and the student's parents to request a review of the decision by the Minister of Education (*Education Act*).

SCHOOL JURISDICTION MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements of <u>0009</u> Foundations for the Future Charter Academy Charter School Society presented to Alberta Education have been prepared by school jurisdiction management which has responsibility for their preparation, integrity and objectivity. The financial statements, including notes, have been prepared in accordance with Canadian Public Sector Accounting Standards and follow format prescribed by Alberta Education.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school jurisdiction's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that accounting records may be relied upon to properly reflect the school jurisdiction's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong system of budgetary control.

Board of Trustees Responsibility

The ultimate responsibility for the financial statements lies with the Board of Trustees. The Board reviewed the audited financial statements with management in detail and approved the financial statements for release.

External Auditors

The Board appoints external auditors to audit the financial statements and meets with the auditors to review their findings. The external auditors were given full access to school jurisdiction records.

Declaration of Management and Board Chair

To the best of our knowledge and belief, these financial statements reflect, in all material respects, the financial position, results of operations, remeasurement gains and losses, changes in net financial assets (debt), and cash flows for the year in accordance with Canadian Public Sector Accounting Standards.

To the Board of Directors of The FFCA Charter School Society

Opinion

We have audited the financial statements of The FFCA Charter School Society (the "Society"), which comprise the statement of financial position as at August 31, 2023, and the statements of operations, cash flows, change in net financial assets, remeasurement gains and losses and the schedules of net assets, deferred contributions, program operations, operations and maintenance, cash, cash equivalents and portfolio investments, tangible capital assets, remuneration and monetary incentives and asset retirement obligations for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of The FFCA Charter School Society as at August 31, 2023, and its results of operations and its cash flows for the year then ended in accordance with CPA Canada Public Sector Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Canadian Generally Accepted Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Society in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matters

The budgeted amounts included in the financial statements as at and for the year ended August 31, 2023, and the schedules of fees, system administration, and specialized learning support for the year ended August 31, 2023 are unaudited.

The financial statements for the year ended August 31, 2022 were audited by another firm of chartered professional accountants who expressed an unmodified opinion on those financial statements on November 30, 2022.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with CPA Canada Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Society's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian Generally Accepted Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian Generally Accepted Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
 of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Notes:

Custodial: All expenses related to activities undertaken to keep the school environment and maintenance shops clean and safe.

Maintenance: All expenses associated with the repair, replacement, enhancement and minor construction of buildings, grounds and equipment components. This includes regular and preventative maintenance undertaken to ensure components reach or exceed their life cycle and the repair of broken components. Maintenance expenses exclude operational costs related to expensed Infrastructure Maintenance Renewal (IMR), CMR & Modular Unit relocations, as they are reported on separately.

Utilities & Telecommunications: All expenses related to electricity, natural gas and other heating fuels, sewer and water and all forms of telecommunications.

* Included in Land is the purchase of Montgomary Land funded by the Government of Alberta. FFCA paid \$1 for the Land and recorded at its fair value to investment in capital assets.

** Work in Progress includes a project managed and controlled by Alberta Infrastructure with accumulated costs of \$31,899,337 (2022 - \$10,473,230) for a new school expected to be open on January 1, 2024. FFCA will report this school with its tangible capital assets when the school is complete and controlled by FFCA.

Also included in work in progress are other costs incurred for that new school being paid by the board with accumulated costs of \$1,122,878 (2022 - \$465,091)

*** During 2022-23, FFCA was provided funding to restore the location that previously suffered extensive damage to the outside of the building due to arson, with accumulated costs of \$3,989,445 which is included in work in progress until the 23-24 school year.

****Buildings include leasehold improvements with a total cost of \$4,135,513 (2022 -\$3,939,938) and accumulated amortization of \$3,716,892 (2022 -\$3,569,083).

1. Purpose of the Society

The Society delivers educational programs, operating as The FFCA Charter School Society (the "Society") under the authority of the *Education Act 2012*, *Chapter E-0.3 (formerly School Act)*. The Society was incorporated on March 21, 1996 under the *Societies Act of Alberta*. Through a charter established with the Minister of Education, the Society operates a charter school from eight locations. The campuses provide education from kindergarten to Grade 12. The Charter was renewed for fifteen years on August 31, 2012.

The Society receives funding for instruction and support under Ministerial Grants Regulation (AR 215/2022). The regulation allows for the setting of conditions and use of grant monies. The Society is limited on certain funding allocations and administration expenses.

The Society is incorporated under the *Societies Act of Alberta* as a not-for-profit organization and is a registered charity and, as such, is exempt from income taxes.

2. Summary of significant accounting policies

These financial statements have been prepared in accordance with Canadian Public Sector Accounting Standards (PSAS). The financial statements have, in management's opinion, been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below:

(a) Basis of financial reporting

Valuation of financial assets and liabilities

| Financial Statement Component | <u>Measurement</u> |
|--|--|
| Cash and cash equivalents | Cost |
| Accounts receivable | Lower of cost or net recoverable value |
| Portfolio investments | Fair value and cost or amortized cost |
| Accounts payable and other accrued liabilities | Cost |
| Derivatives | Fair value |
| Asset retirement obligations and environmental liabilities | Cost or present value |

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense. Transaction costs are a component of cost for financial instruments measured using cost or amortized cost. Transaction costs are expensed for financial instruments measured at fair value.

Financial assets

Financial assets are assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations.

Financial assets are the Society's financial claims on external organizations and individuals, as well as cash and cash equivalents at year end.

(i) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, bank balances and guaranteed investment certificates ("GIC") that have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term commitments rather than for investment purposes.

(ii) Accounts receivable

Accounts receivable are recognized at the lower of cost or net recoverable value. A valuation allowance is recognized when recovery is uncertain.

(iii) Portfolio investments

The Society has investments in GIC's. GIC's, term deposits and other investments not quoted in an active market are reported at cost or amortized cost. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

Liabilities

Liabilities are present obligations of the Society to external organizations and individuals arising from past transactions or events occurring before the year end, the settlement of which is expected to result in the future sacrifice of economic benefits. They are recognized when there is an appropriate basis of measurement and management can reasonably estimate the amounts.

(i) Accounts payable and accrued liabilities

Accounts payable and accrued liabilities include unearned revenue collected from external organizations and individuals for which goods and services have yet to be provided.

(ii) Vacation pay

Vacation pay is accrued in the period in which the employee earns the benefit. The value of earned vacation not yet taken and included in accounts payable and accrued liabilities as at August 31, 2023 is \$58,399 (2022 - \$28,513).

(iii) Deferred contributions

Deferred contributions include contributions received for operations which have stipulations that meet the definition of a liability per Public Sector Accounting Standard (PSAS) PS 3200. These contributions are recognized by the Society once it has met all eligibility criteria to receive the contributions. When stipulations are met, deferred contribution is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability.

Deferred revenue also includes contributions for capital expenditures, unspent and spent. Unspent Deferred Capital Contributions (UDCC) represent externally restricted supported capital funds provided for a specific capital purpose received or receivable by the Society, but the related expenditure has not been made at year-end. These contributions must also have stipulations that meet the definition of a liability per PS 3200 when spent.

Spent Deferred Capital Contributions (SDCC) represent externally restricted supported capital funds that have been spent but have yet to be amortized over the useful life of the related capital asset. Amortization over the useful life of the related capital asset is due to certain stipulations related to the contributions that require that the Society to use the asset in a prescribed manner over the life of the associated asset.

(iv) Asset retirement obligations

Asset retirement obligations are legal obligations associated with the retirement of a tangible capital assets (TCA). Asset retirement activities include all activities relating to an asset retirement obligation. These may include, but are not limited to:

- decommissioning or dismantling a tangible capital asset that was acquired, constructed or developed;
- remediation of contamination of a tangible capital asset created by its normal use;
- post-retirement activities such as monitoring; and
- constructing other tangible capital assets to perform post-retirement activities.

A liability for an asset retirement obligation is recognized when, as at the financial reporting date:

- a. there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- b. the past transaction or event giving rise to the liability has occurred;
- c. it is expected that future economic benefits will be given up; and
- d. a reasonable estimate of the amount can be made.

When a liability for asset retirement obligation is recognized, asset retirement costs related to recognized tangible capital assets in productive use are capitalized by increasing the carrying amount of the related asset and are amortized over the estimated useful life of the underlying tangible capital asset. Asset retirement costs related to unrecognized tangible capital assets and those not in productive use are expensed.

As at August 31, 2023 and 2022, the Society does not have any asset retirement obligations.

(v) Environmental liabilities

Liability for Contaminated Sites

Contaminated sites are a result of contamination of a chemical, organic or radioactive material or live organism that exceeds an environmental standard, being introduced into soil, water or sediment.

A liability for remediation of a contaminated site may arise from an operation that is either in productive use or no longer in productive use and may also arise from unexpected event resulting in contamination. The resulting liability is recognized net of any expected recoveries, when all of the following criteria are met:

- a. an environmental standard exists;
- b. contamination exceeds the environmental standard;
- c. the school jurisdiction is directly responsible or accepts responsibility;
- d. it is expected that future economic benefits will be given up; and
- e. a reasonable estimate of the amount can be made.

Other environmental liabilities

Other environmental liabilities (which are not liabilities for contaminated sites under *PS 3260* or asset retirement obligations under *PS 3280*) are recognized when all of the following criteria are met:

- a. the Society has a duty or responsibility to others, leaving little or no discretion to avoid the obligation;
- b. the duty or responsibility to other entails settlement by future transfer or use of assets, or a provision of services at a specified or determinable date, or on demand;
- c. the transaction or events obligating the Society have already occurred; and
- d. a reasonable estimate of the amount can be made.

The Society presently does not have any environmental liabilities.

Non-Financial Assets

Non-financial assets are acquired, constructed, or developed assets that do not normally provide resources to discharge existing liabilities, but instead:

- a. are normally employed to deliver government services; and
- b. may be consumed in the normal course of operations; and
- c. are not for sale in the normal course of operations.

Non-financial assets include tangible capital assets and prepaid expenses.

(i) Tangible capital assets

Tangible capital assets acquired or constructed are recorded at cost, including amounts directly related to the acquisition, design, construction, development, improvement or betterment of the asset. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset, and asset retirement cost, if applicable.

Donated or contributed tangible capital assets are recorded at their fair market value at the date of donation or contribution, except in circumstances where fair value cannot be reasonably determined, when they are then recognized at nominal value. Transfers of tangible capital assets from related parties are recorded at original cost less accumulated amortization.

Construction-in-progress is recorded as a transfer to the applicable asset class at substantial completion.

Buildings include site and leasehold improvements.

Sites and buildings are written down to residual value when conditions indicate they no longer contribute to the ability of the Society to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. For supported assets, the write-downs are accounted for as reductions to Spent Deferred Capital Contributions (SDCC).

Buildings that are demolished or destroyed are written-off.

Tangible capital assets with costs in excess of \$5,000 are capitalized.

Amortization on capital assets is provided on a straight-line basis over the following range of years:

| Buildings | 25 years |
|---------------------------------------|--------------|
| Site improvements | 4 years |
| Portable buildings | 1 to 5 years |
| Other equipment | 3 to 5 years |
| Computer hardware and software | 2 to 3 years |
| Leasehold improvements | 1 to 5 years |
| Capital improvements - central office | 10 years |

Capital assets are tested for impairment when circumstances arise that indicate impairment may have occurred.

(ii) Prepaid expenses

Certain expenditures incurred and paid before the close of the school year are for specific school supplies which will be consumed subsequent to the year-end and are accordingly recorded as prepaid expenses.

Operating and capital reserves

Reserves are established at the discretion of the Board of Directors of the Society to set aside funds for operating and capital purposes. Such reserves are appropriations of unrestricted surplus.

Revenue recognition

All revenues are reported on the accrual basis of accounting and are recognized as follows:

Instruction and support allocations are recognized in the year to which they relate, based on the number of instructional days in the school year. Fees for services related to courses and programs are recognized as revenue when such courses and programs are delivered.

Unrestricted donations are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Donations in kind are recorded at fair market value when reasonably determinable.

Externally restricted contributions are deferred and recognized as revenue in the period in which the related expenses are incurred.

Government transfers

Transfers from all governments are referred to as government transfers.

Government transfers and associated externally restricted investment income are recognized as deferred contributions if the eligibility criteria for use of the transfer, or the stipulations together with the Society's actions and communications as to the use of the transfer, create a liability. These transfers are recognized as revenue as the stipulations are met and, when applicable, the Society complies with its communicated use of these transfers.

All other government transfers, without stipulations for the use of the transfer, are recognized as revenue when the transfer is authorized and the Society meets the eligibility criteria (if any).

See Note 11 for details of the 2023 government transfer.

Contributed materials and services

Contributed materials and services which are used in the normal course of the Society's operations and would otherwise have been purchased are recorded at their fair value at the date of contribution if fair value can be reasonably estimated.

Volunteers assist the Society in carrying out certain activities. Because of the difficulty of determining their fair market value and the fact that such assistance is generally not otherwise purchased, contributed services of this nature are not recognized in the financial statements.

The FFCA Charter School Society Notes to Financial Statements August 31, 2023

Expenses

Expenses are reported on an accrual basis. The cost of goods consumed and services received during the year are expensed.

Allocation of Costs

• Actual salaries of personnel assigned to two or more programs are allocated based on the time spent in each program.

• Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.

• Supplies and services are allocated based on actual program identification.

Pensions

Pension costs included in these financial statements as part of salary and benefits comprise the cost of employer and Provincial contributions for current service of support staff employees during the year.

The Alberta Teachers' Retirement Fund (ATRF) contributions by the Province for current service are a component part of education's system costs and are formally recognized in the accounts of the Society, even though the Society has no legal obligation to pay these costs. The amount of current service contributions is recognized as revenue from the Province and as certificated benefits expense. For the school year ended August 31, 2023, the amount contributed to the Alberta Teachers' Retirement Fund by the Province was \$1,906,758 (2022 - \$1,995,212).

The Society participates in a multi-employer pension plan, the Local Authorities Pension (LAPP) Plan, and does not report on any unfunded liabilities. The expense for this pension plan is equivalent to the annual contributions of \$351,943 for the year ended August 31, 2023 (2022 - \$325,027). At December 31, 2022, the Local Authorities Pension Plan reported a surplus of \$12,671,000,000 (2021 - \$11,922,000,000).

Program Reporting

The Society's operations have been segmented as follows:

- **ECS Instruction:** The provision of ECS education instructional services that fall under the basic public education mandate.
- **Grades 1 12 Instruction**: The provision of instructional services for Grades 1 12 that fall under the basic public education mandate.
- **Operations and Maintenance:** The operation and maintenance of all school buildings and grounds.
- **Transportation:** The provision of regular and special education bus services (to and from school), whether contracted or board operated, including transportation facility expenses.
- **System Administration:** The provision of board governance and system-based / central office administration.
- External Services: All projects, activities, and services offered outside the public education mandate for ECS children and students in Grades 1 12. Services offered beyond the mandate for public education must be self-supporting, and Alberta Education funding may not be utilized to support these programs. The allocation of revenues and expenses are reported by program, source, and object on the Schedule of Program Operations.

The allocation of revenues and expenses are reported by program, source, and object on the Schedule of Program Operations. Respective instruction expenses include the cost of certificated teachers, non-certificated teaching assistants as well as a proportionate share of supplies and services, school administration and instruction support, and System Instructional Support.

Trusts Under Administration

The Society has property that has been transferred or assigned to it to be administered or directed by a trust agreement or statute. The Society holds title to the property for the benefit of the beneficiary. Trusts under administration have been excluded from the financial reporting of the Society. A summary of Trust balances is listed in Note 9.

Financial instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The Society recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, and accounts payable and accrued liabilities. Unless otherwise noted, it is management's opinion that the Society is not exposed to significant credit and liquidity risks, or market risk, which includes currency, interest rate and other price risks.

All of the Society's financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of items in the cost or amortized cost upon initial recognition. The gain or loss arising from derecognition of a financial instrument is recognized in the Statement of Operations. Impairment losses such as write-downs or write-offs are reported in the Statement of Operations.

Measurement uncertainty

Measurement uncertainty exists when there is a variance between the recognized or disclosed amount and another reasonably possible amount. The preparation of financial statements for a period involves the use of estimates and approximations, which have been made using careful judgment. Actual results could differ from those estimates.

The valuation of tangible capital assets is based on management's best estimates of the future recoverability of these assets and the determination of costs subject to classification as capital assets. The amounts recorded for amortization of the tangible capital assets and spent deferred capital contributions are based on management's best estimates of the remaining useful lives and period of future benefit of the related assets.

The valuation of deferred contributions is based on management's estimate of the unspent contributions and the applicability of expenditures to meet the funding restrictions.

The valuation of accrued liabilities is based on management's best estimate of expenses accrued during the year that will be payable in future periods.

By their nature, these estimates are subject to measurement uncertainty and the effect on the financial statements of changes in such estimates in future periods could be significant.

3. Change in accounting policy

Effective September 1, 2022, the Society adopted the new accounting standard PS 3280 Asset Retirement Obligations and applied the standard using the modified retroactive approach with restatement of prior year comparative information.

On the effective date of the PS 3280 standard, the Society recognized the following to conform to the new standard;

- asset retirement obligations, adjusted for accumulated accretion to the effective date;
- asset retirement cost capitalized as an increase to the carrying amount of the related tangible capital assets in productive use;
- accumulated amortization on the capitalized cost; and
- adjustment to the opening balance of the accumulated surplus/deficit.

Amounts are measured using information, assumptions and discount rates where applicable that are current on the effective date of the standard. The amount recognized as an asset retirement cost is measured as of the date the asset retirement obligation was incurred. Accumulated accretion and amortization are measured for the period from the date the liability would have been recognized had the provisions of this standard been in effect to the date as of which this standard is first applied.

Given that the Society presently does not have any asset retirement obligations, there was no impact to the financial statements on adoption.

4. Future accounting changes

During the fiscal year 2023-24, the Society will adopt the following new accounting standards approved by the Public Sector Accounting Board:

PS 3400 Revenue (effective September 1, 2023)

This standard provides guidance on how to account for and report on revenue, and specifically, it addresses revenue arising from exchange transactions and non-exchange transactions.

PS 3160 Public Private Partnerships

This accounting standard provides guidance on how to account for public private partnerships between public and private sector entities, where the public sector entity procures infrastructure using a private sector partner.

The Society has not yet adopted these two accounting standards. Management is currently assessing the impact of these standards on the financial statements.

5. Accounts receivable

| | 2023 | 2022 |

10. Economic dependence on related third party

The Society's primary source of income is from the Alberta Government. The Society's ability to continue viable operations is dependent on this funding.

11. Non-cash transactions

Excluded from the cash flow statement are non-cash transactions of \$21,430,124 (2022 - \$8,983,040) related to tangible capital acquisitions (North High School and North Middle School) funded directly by Alberta Infrastructure and \$7,000,000 (2022 - \$Nil) for purchase of Land paid by the Government of Alberta.

Under the requirements of PSAS 3410, the transfer of the aforementioned land is considered a government transfer. Accordingly, the \$7,000,000 attributed to the fair market value of the land is recognized as revenue in the Statement of Operations, as there are no remaining terms and conditions on the transfer.

12. Financial instruments

The Society is exposed to the following significant financial risks:

(a) Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The financial instruments that potentially subject the Society to a significant concentration of credit risk consist primarily of cash and portfolio investments as well as accounts receivable. The Society mitigates its exposure to credit loss by placing its cash and portfolio investments with a major financial institution and mitigates its exposure to credit loss on accounts receivable by transacting with credit worthy customers and regularly reviewing these financial instruments. (b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Society is exposed to interest rate price risk to the extent that the cash and portfolio investments bear interest at fixed rates.

13. Credit Facility

The Society has negotiated a revolving operating line of credit, available to a maximum amount of \$1,000,000, and bearing interest at the lender's prime rate minus 0.50% per annum. Any amounts drawn on this facility shall be repaid in full on demand by the lender. The line of credit is secured through a general security agreement providing a first charge on the Society's present and future properties. At August 31, 2023 and 2022, no amounts were outstanding under the line of credit.

14. Related party transactions

All entities consolidated or accounted for on a modified equity basis in the accounts of the Government of Alberta are related parties of school jurisdictions. These include government departments, health authorities, post-secondary institutions and other school jurisdictions in Alberta. The Society has related party transactions for the year ended August 31, 2023 with Calgary Board of Education, Calgary Separate School Division, Calgary Girls School, STEM, Calgary Classical Academy, as well as other school jurisdictions and post-secondary institutions. Transactions are recorded on the statement of operations and statement of financial position, at the amount of consideration agreed upon between the related parties.

15. Contractual obligations

The Society leases six campus locations for annual lease payments of \$1 each. Two campuses are leased, expiring on June 30, 2027, from the Calgary Catholic School Board. The other four campuses are leased from the Calgary Board of Education and four of the leases expire on July 31, 2027.

On May 9, 2022, one of the Society's then leased campus suffered extensive damage to the outside of the building due to arson. Additionally, the fire caused significant smoke and water damage due to the inside. The extent of the damage triggered the Calgary Board of Education to cancel the lease and the Society to find an alternate location to complete the school year. An agreement was made with Mount Royal University to house the displaced students until the end of June 2023.

The Society signed a rental agreement with Mount Royal University for a ten-month term ending June 2023, for a total of \$ 2,577,761. The Government of Alberta Lease-Assistance Funding covered \$2,386,000 of these costs.

16. Contractual rights

The Society leases out a portion of its head office location. Current lease with one tenant is set to expire on July 31, 2024. The estimated amount that will be received for the next fiscal year is as follows:

2024 \$ 83,623

On April 29, 2023, the Society signed an agreement to receive funding from the province to carry out the remediation of the fire damage at Dr. Norman Bethune School. The grant is expected to cover up to \$4,772,100. As at August 31, 2023, FFCA received \$3,817,680 and spent \$4,285,120.

17. Budget amounts

The 2023 budget for the Society was approved by the Board and has been reported in the financial statements for information purposes only. These budgeted amounts have not been audited.

18. Comparative figures

Certain comparative figures have been reclassified to conform with the current year's presentation.

Executive summary

Purpose of report and scope

The purpose of this report is to engage in an open dialogue with you regarding our audit of the financial statements of The FFCA Charter School Society (the "Society") for the year ended August 31, 2023. This communication will assist the Audit Committee in understanding the results of audit procedures and includes comments on misstatements, significant accounting policies, sensitive estimates and other matters.

The information in this document is intended solely for the information and use of the Board of Directors, Audit Committee and management. It is not intended to be distributed or used by anyone other than these specified parties.

We were engaged to provide the following deliverables:

| Deliverable | Timing/Status |
|--|---|
| Discussions and communications regarding planning | September 19, 2023 |
| Report on the August 31, 2023 financial statements | November 14, 2023 |
| Communication of audit strategy and results | November 14, 2023 |
| Preparation of the 2023 T3010 Charity Information return | January – February
2024 at management's
convenience |

Status of our audit

We have substantially completed our audit of the financial statements of the Society and the results of that audit are included in this report.

We will finalize our report upon resolution of the following items that were outstanding as at November 14, 2023:

- Receipt of signed management representation letter (a draft has been attached in Appendix B)
- Approval of the financial statements by the Board of Directors
- Procedures regarding subsequent events

We have successfully executed our audit strategy in accordance with the plan presented to the Audit Committee on September 19, 2023.

Auditor's report modifications

Our responsibility is to form an opinion on the financial statements. We are also required to communicate matters that impact our standard auditor's report, including key audit matters or modifications to the reports.

Our auditor's report contained the following modification to the "Other Matters" paragraph as required by Canadian Auditing Standards:

Other Matters

The financial statements for the year ended August 31, 2022 were audited by another firm of chartered professional accountants who expressed an unmodified opinion on those financial statements on November 30, 2022.

A copy of our draft auditor's opinion is included in Appendix A.

Independence

We confirm that there have been no changes to our status with respect to independence since we confirmed our independence to you on September 19, 2023.

Materiality

As discussed during our audit planning meeting, the purpose of our audit is to provide an opinion as to whether the financial statements are prepared, in all material respects, in accordance with Canadian Public Sector Accounting Standards as at August 31, 2023. Therefore, materiality is a critical auditing concept and as such we apply it in all stages of our engagement.

The concept of materiality recognizes that an auditor cannot verify every balance, transaction or judgment made in the financial reporting process. During audit planning, we made a preliminary assessment of materiality for the purpose of developing our audit strategy, including the determination of the extent of our audit procedures. Our materiality for the current audit was \$1,260,000 and was based on 3% of projected gross revenues. Our sampling was based on 60% of this balance, which was \$756,000. Items deemed to be trivial were those amounts below \$63,000.

During execution of the audit, we considered whether materiality should be reassessed due to changes or events identified. We considered not only the quantitative assessment of materiality, but also qualitative factors, in assessing the impact on the financial statements, our audit opinion and whether matters should be brought to your attention. It was concluded that no adjustments to materiality were deemed necessary.

CAS 315 Revised

Canadian Auditing Standard 315 Identifying and assessing the risks of material misstatement ("CAS 315 Revised") was effective for our audit of the Society's financial statements for the year ended August 31, 2023. This significant change to the auditing standards affected the work required to complete the audit engagement and therefore we have levied a one-time transition fee of \$2,500. More information about this revised standard is included in the Technical Updates section of our report.

Audit risks and results

We highlight our significant findings in respect of [economic factors, significant transactions, accounting practices and other areas of focus].

Impact of broader economic factors

| Area of focus | Matter | Our response and findings |
|--|--|--|
| Challenges and uncertainties
related to the current
economic environment | The economy is currently going through a period of high
uncertainty. Factors such as inflation, labour shortages, supply
constraints, fluctuations in demand, the ongoing conflict in Ukraine
and other economic factors are creating a highly volatile landscape
for businesses and other organizations. These factors may
increase the risk of errors occurring in financial reporting. For
example, an organization could fail to properly consider the impact
of rising interest rates on the measurement of certain assets and
liabilities. The risk of fraud is also increased. For example, in a
challenging economic environment, there may be stronger
incentives for management to present results that appear to comply
with debt covenants or for individual staff to attempt to
misappropriate resources. As a result, determining how entities are
being affected by broader economic factors is an area of focus in
our audits. | As we completed our risk assessment and audit procedures and
analyzed the Society's current year financial statements, we
considered how the Society had been impacted by changes to the
economy. We also considered how management had responded
to these changes (e.g. whether management had attempted to
modify internal controls to respond to challenges such as staff
shortages). Based on the work we performed, we concur with
management's assessment that the ongoing effect is limited and
thus no specific adjustments or disclosures needed to be included
in the financial statements. |

Significant transactions

| Area of focus | Matter | Our response and findings |
|-----------------------|--|--|
| Building transactions | During our pre-planning conversations with Management, it was
noted that in the current year, there was a building bought by
Alberta Education from the Calgary Board of Education, which was
then given to the Society, all triggered by a roof collapsing in 2020.
It was also noted that there was funding and a building received for
a new school in the N.W., and a pre-existing school had a flood,
another had a fire and as a result, there were changes to leases,
additional funding received and so forth. Accordingly, we will be
working closely with Management to understand the implications of
these activities and obtaining supporting documentation to verify
the accuracy and completeness of the transactions from a financial
reporting and disclosure perspective. | Our audit procedures performed to address this matter included: Obtaining and reviewing all source funding agreements, amendments and governmental letters to the understand terms and conditions of the transactions. Agreeing total costs to both deferred capital contributions and construction in progress amounts per the North High School project cost reports obtained from Alberta Infrastructure as of August 31, 2023. Sampling capitalized and expensed costs and inspecting source documents corroborating the accuracy of the amounts recorded and their eligibility with the funding to determine appropriate classification for the South High School. Obtaining supporting deposit slips and vouching payments to respective bank statements to confirm receipt of funds. Inquiring with management and reviewing disclosures in the notes to the financial statements to determine alignment with the Alberta education reporting requirements and PSAS accounting standards based on our understanding of the transactions above. |

Areas of focus

The following is a summary of areas of focus, and the related matters and findings we would like to communicate to the Audit Committee.

| Area of focus | Matter | Our response and findings |
|-------------------------------------|--|--|
| Fraud risk from revenue recognition | There is a presumed risk of fraud in revenue. | Our audit procedures performed to address this risk included: |
| | The risk primarily relates to the: | Reviewing revenue recognition policies |
| | Occurrence and accuracy of revenue recorded; | Reviewing calculations for determining recognition or deferral of |
| | Cut-off of revenue is the proper period; and | revenue |
| | Management's ability to override controls pertaining to the revenue cycle. | Vouching to supporting documentation of amounts added to
deferred contributions during the year |
| | | Performing analytical procedures with comparison to prior year
and budget, and investigating significant variances |
| | | Reviewing significant and unusual journal entries throughout the
year and procedures to verify the existence of revenue |
| | | Vouching a sample of transactions for each significant revenue
stream to supporting documentation to verify that revenues
exist and are correctly recorded in accordance with FFCA's
accounting policies |
| | | Confirmation of grant amounts and re-computing school fees
and related fees utilizing enrolment numbers and published
registration fees |
| | | Based on the results of our audit procedures, there was no indication of fraud or error with respect to revenue recognition. |

| Area of focus | Matter | Our response and findings |
|---|---|---|
| Fraud risk from management
override / segregation of
duties | This is a presumed fraud risk. | Our audit procedures performed to address this risk included: |
| | The risk primarily relates to upper management's administrative
access to both the general ledger and payroll information
systems. | Testing the appropriateness of journal entries recorded in the
general ledger and other adjustments made in the preparation
of the financial statements |
| | | Reviewing accounting estimates for biases |
| | | Evaluating the business rationale for significant transactions
that are or appear to be outside the normal course of operations |
| | | Based on the results of procedures performed, our audit did
not identify actual or suspected instances of fraud concerning
individuals involved in the financial reporting process. |
| Deferred revenues and deferred capital contributions | This is a risk area as the revenue recognition criteria might not be properly applied. | In addition to our procedures noted in the "Fraud risk from revenue recognition" procedures, our audit procedures included: |
| | | Reviewing the calculations for determining recognition or
deferral of contribution revenues |
| | | Vouching to supporting documentation of amounts added to
deferred contributions during the year, especially given the new
funding received during the year for the repair and replacement
of certain capital assets |
| | | Performing analytical procedures with comparison to prior year
and investigated significant variances |
| | | Recomputing amounts recognized pertaining to the amortization
of deferred capital contributions |
| | | Assessing the disclosure and presentation of such amounts |
| | | Based on the results of our audit procedures, revenues and deferred revenues are reasonable and not materially misstated in the context of the financial statements as a whole. |
| Net assets | There is a risk that the individual components of net assets are not appropriately reflected in the financial statements. | Our audit procedures performed to address this risk included: |
| | Recomputing the article that any internally recomputing the article that any internally recomputing the article that any internally recomputed assets) have | • Recomputing the amounts included in each line item, verifying that any internally restricted funds (operating and invested in capital assets) have been appropriately restricted by the Board of Directors and reflected in the financial statements. |
| | | Based on the results of our audit procedures, net assets,
including its individual components (investment in tangible
capital assets, unrestricted surplus, and the various internally
restricted reserves by program), are reasonable and not
materially misstated in the context of the financial statements
as a whole. |

| Area of focus | Matter | Our response and findings |
|---|--|--|
| Accounts payable, accrued
liabilities and expenditures | All services, supplies, capital expenditures and the related accruals may not be recognized appropriately in the correct period. | Our audit procedures performed to address this risk included: |
| | | Gaining an understanding of controls surrounding
disbursements |
| | | Tracing the last payment for the current year and the first
payment for the subsequent period and validating that they are
recognized in the correct period |
| | | Performing a search for unrecorded liabilities by reviewing cash
disbursements around year-end to verify that a proper and
complete cut-off was achieved |
| | | Performing a detailed analytical review of expenses and tracing
specific transactions to supporting documentation. Computer
aided auditing techniques will be used for the testing of
expenditures |
| | | Recomputing the amortization of capital assets for accuracy
and verifying the appropriateness of recognition |
| | | The results of our audit procedures did not identify any
unrecorded liabilities nor amounts recorded in the wrong
period. It was also noted that the expenditures incurred were
appropriately recognized for valid business purposes and in
the appropriate amounts. |
| Salaries and employee | There is a risk given the significance of the salaries and employee benefits expense. | Our audit procedures performed to address this risk included: |
| benefits | | Performing an assessment of internal controls surrounding the
payroll cycle |
| | | Performing analytical procedures over reported salaries and
benefits expenses by formulating expectations and comparing
these to actual results |
| | | Performing substantive tests of details including sampling of
additions, terminations, and changes to payroll throughout the
year, and verifying accuracy based on source documentation
including the employee file and the Terms of Employment |
| | | Performing audit procedures on a sample basis of expense
reports paid throughout the year including tracing of expenses
claimed to receipts, verification of the business nature of the
expense, and verification of appropriate approval. |
| | | The results of our audit procedures did not identify an
overstatement in salaries and benefits. In addition, it was
noted that the expense reports are being appropriately
reviewed with supporting documentation as required by the
Society's policies. |

Accounting practices

| Area of focus | Matter | Our response and findings |
|-------------------------|--|---|
| New accounting policies | On the effective date of the PS 3280 standard, the entity must recognize the following to conform to the new standard: | Based on the results of our audit procedures, the Society has no asset retirement obligations. Accordingly, the adoption of |
| | asset retirement obligations, adjusted for accumulated
accretion to the effective date; | this standard had no impact on the fiscal 2023 financial statements. |
| | asset retirement cost capitalized as an increase to the
carrying amount of the related tangible capital assets in
productive use; | |
| | accumulated amortization on the capitalized cost; and | |
| | adjustment to the opening balance of the accumulated
surplus/deficit | |
| | Amounts are measured using information, assumptions and
discount rates where applicable that are current on the effective
date of the standard. The amount recognized as an asset
retirement cost is measured as of the date the asset retirement
obligation was incurred. Accumulated accretion and amortization
are measured for the period from the date the liability would have
been recognized had the provisions of this standard been in effect
to the date as of which this standard is first applied. | |
| Accounting estimates | Significant sensitive accounting estimates in the financial statement
relate to the potential impairment of accounts receivable and
tangible capital assets, estimated useful lives of capital assets, and
deferred revenue and contributions. | Based on the results of our audit procedures and our review of
these policies and management's process for estimation, we
conclude these estimates are reasonable in the context of the
financial statements as a whole. |

Adjustments and uncorrected misstatements

Adjustments

We have no adjusted misstatements to report.

Uncorrected misstatements

We have no non-trivial unadjusted misstatements to report.

Summary of disclosure matters

Our audit did not identify any unadjusted non-trivial misstatements of disclosure matters.

Other reportable matters

Internal control

The audit is designed to express an opinion on the financial statements. We obtain an understanding of internal control over financial reporting to the extent necessary to plan the audit and to determine the nature, timing and extent of our work. Accordingly, we do not express an opinion on the effectiveness of internal control.

If we become aware of a deficiency in your internal control over financial reporting, the auditing standards require us to communicate to the Audit Committee those deficiencies we consider significant. However, a financial statement audit is not designed to provide assurance on internal control.

Based on the results of our audit, we did not identify any reportable observations.

Cybersecurity

Cybersecurity is the practice of protecting computers, data and other electronic systems from malicious attacks. As organizations become increasingly dependent on digital technology, the opportunities for cyber-criminals continue to grow. The explosion of data generated by digital technology, combined with a new degree of connectedness among organizations, means there is ripe opportunity for the technologically savvy and criminally minded to take advantage. A breach in cybersecurity could create a reputational risk to you, as well as resulting in financial liabilities. In Appendix C, we examine the nature of the threat and how organizations can go about improving cybersecurity.

Technical updates – highlights

Accounting

Further details of the changes to accounting standards, including management's preliminary comments on their applicability to the Society, are included in the Appendices. If you have any questions about these changes we invite you to raise them during our next meeting. We will be pleased to address your concerns.

Assurance

CAS 315 *Identifying and assessing the risks of material misstatement* ("CAS 315 *Revised*") was effective for our audit of the Society's financial statements for the year ended August 31, 2023. CAS 315 *Revised* includes many changes to the requirements related to planning an audit and completing the risk assessment process, which are designed to make the risk assessment process more robust and improve consistency of application in practice. Since the risk assessment process is fundamental to an audit, we incurred some additional planning time completing the audit. The table below summarises the key changes to the standard and their effects on the audit.

| Area | Change | Effect |
|---------------------------|--|---|
| Inherent risk factors | Five new risk factors were introduced to aid in risk assessment: subjectivity, complexity, uncertainty, change, and susceptibility to misstatement due to management bias or fraud. | New risk factors may need to be documented. Where new risk factors are identified, the audit team needs to consider and document how they impact the overall risk assessment. |
| Spectrum of inherent risk | A "spectrum of inherent risk" was defined. When completing the risk
assessment, risks of material misstatement are positioned at the lower or
higher end of the spectrum based on the likelihood and magnitude of possible
misstatement, with the upper end representing significant risks. | Applying the spectrum of inherent risk concept may result in changes to the risk assessment and the associated responses. For example, new significant risks may be identified, and the standards contain specific requirements for work that must be performed in response to significant risks. |
| IT system and controls | There is a great deal more emphasis on understanding IT systems, particularly the IT general controls that address risks arising from the IT system. | The engagement team may need to work with management to obtain and document more information about the IT system and controls. |
| Control activities | There is more focus on controls relevant to the audit, including those related to journal entries, and on what work needs to be performed to determine the design and implementation of those controls. | Additional time may need to be incurred to identify and assess relevant controls. The approach to determining the design and implementation of internal controls may need to be updated. |

| Area | Change | Effect |
|--------|---|--|
| Others | Other relevant changes include: | Risk assessments may need to be updated and additional documentation will need to be incorporated to comply with the revised requirements. |
| | Requiring inherent risk and control risk to be assessed separately,
whereas the former standard permitted a combined assessment | |
| | Enhanced requirements and documentation relating to the exercise of
professional skepticism | |
| | Separate focus on understanding the applicable financial reporting
framework | |
| | Distinguishing between direct (assertion level) and indirect (pervasive level) control components | |
| | A new "stand-back" test requiring teams to reconsider when material
classes of transactions, account balances and disclosures are not
assessed as significant | |

Further details of the changes to assurance standards, including management's preliminary comments on their applicability to the Society, are included in the Appendices. If you have any questions about these changes we invite you to raise them during our next meeting. We will be pleased to address your concerns.

Appendix A – Draft Independent Auditor's Report

Independent Auditor's Report

To the Board of Directors of The FFCA Charter School Society

Opinion

We have audited the financial statements of The FFCA Charter School Society (the "Society"), which comprise the statement of financial position as at August 31, 2023, and the statements of operations, cash flows, change in net financial assets, remeasurement gains and losses and the schedules of net assets, deferred contributions, program operations, operations and maintenance, cash, cash equivalents and portfolio investments, tangible capital assets, remuneration and monetary incentives and asset retirement obligations for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of The FFCA Charter School Society as at August 31, 2023, and its results of operations and its cash flows for the year then ended in accordance with CPA Canada Public Sector Accounting Standards.

Basis for Opinion

We conducted our audit in accordance with Canadian Generally Accepted Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Society in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matters

The budgeted amounts included in the financial statements as at and for the year ended August 31, 2023, and the schedules of fees, system administration, and specialized learning support for the year ended August 31, 2023 are unaudited.

The financial statements for the year ended August 31, 2022 were audited by another firm of chartered professional accountants who expressed an unmodified opinion on those financial statements on November 30, 2022.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with CPA Canada Public Sector Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Society's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian Generally Accepted Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian Generally Accepted Auditing Standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Appendix B – Draft Management's Representation Letter

November 22, 2023

Grant Thornton LLP Suite 1100 332 - 6 Avenue SW Calgary, AB T2P 0B2

Dear Madam:

We are providing this letter in connection with your audit of the financial statements of The FFCA Charter School Society (the "Society") as at August 31, 2023 and for the year then ended, for the purpose of expressing an opinion as to whether the financial statements present fairly, in all material respects, the statement of financial position, the statements of operations, cash flows, change in net financial assets and remeasurement gains and losses, and the schedules of net assets, deferred contributions, program operations, operations and maintenance, cash, cash equivalents and portfolio investments, tangible capital assets, remuneration and monetary incentives and asset retirement obligations of the Society in accordance with CPA Canada Public Sector Accounting Standards ("PSAS").

We acknowledge that we have fulfilled our responsibilities for the preparation of the financial statements in accordance with PSAS and for the design and implementation of internal controls to prevent and detect fraud and error. We have assessed the risk that the financial statements may be materially misstated as a result of fraud and have determined such risk to be low. Further, we acknowledge that your examination was planned and conducted in accordance with Canadian generally accepted auditing standards (GAAS) so as to enable you to express an opinion on the financial statements. We understand that while your work includes an examination of the accounting system, internal controls and related data to the extent you considered necessary in the circumstances, it is not designed to identify, nor can it necessarily be expected to disclose, fraud, shortages, errors and other irregularities, should any exist.

Certain representations in this letter are described as being limited to matters that are material. An item is considered material, regardless of its monetary value, if it is probable that its omission from or misstatement in the financial statements would influence the decision of a reasonable person relying on the financial statements.

We confirm, to the best of our knowledge and belief, as of November 22, 2023, the following representations made to you during your audit.

Financial statements

1. The financial statements referred to above present fairly, in all material respects, the financial position of the Society as at August 31, 2023 and its financial performance and its cash flows for the year then ended in accordance with PSAS, as agreed to in the terms of the audit engagement.

Completeness of information

- 2. We have made available to you all financial records and related data and all minutes of the meetings of directors and committees of directors, as agreed in the terms of the audit engagement. Summaries of actions of recent meetings for which minutes have not yet been prepared have been provided to you. All significant board and committee actions are included in the summaries.
- 3. We have provided you with unrestricted access to persons within the Society from whom you determined it necessary to obtain audit evidence.
- 4. There are no material transactions that have not been properly recorded in the accounting records underlying the financial statements. The adjusting journal entries which have been proposed by you are approved by us and will be recorded on the books of the Society.
- 5. There were no restatements made to correct a material misstatement in the prior year financial statements that affect the comparative information.
- 6. We are unaware of any known or probable instances of non-compliance with the requirements of regulatory or governmental authorities, including their financial reporting requirements.
- 7. We are unaware of any violations or possible violations of laws or regulations the effects of which should be considered for disclosure in the financial statements or as the basis of recording a contingent loss.
- 8. We have disclosed to you all known deficiencies in the design or operation of internal control over financial reporting of which we are aware.
- 9. We have identified to you all known related parties and related party transactions, including sales, purchases, loans, transfers of assets, liabilities and services, leasing arrangements guarantees, non-monetary transactions and transactions for no consideration.

Fraud and error

- 10. We have no knowledge of fraud or suspected fraud affecting the Society involving management; employees who have significant roles in internal control; or others, where the fraud could have a non-trivial effect on the financial statements.
- 11. We have no knowledge of any allegations of fraud or suspected fraud affecting the Society's financial statements communicated by employees, former employees, analysts, regulators or others.
- 12. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.

Recognition, measurement, and disclosure

- 13. We believe that the significant assumptions used by us in making accounting estimates, including those used in arriving at the fair values of financial instruments as measured and disclosed in the financial statements, are reasonable and appropriate in the circumstances.
- 14. We have no plans or intentions that may materially affect the carrying value or classification of assets and liabilities, both financial and non-financial, reflected in the financial statements.
- 15. All related party transactions have been appropriately measured and disclosed in the financial statements.
- 16. The nature of all material measurement uncertainties has been appropriately disclosed in the financial statements, including all estimates where it is reasonably possible that the estimate will change in the near term and the effect of the change could be material to the financial statements.
- 17. All outstanding and possible claims, whether or not they have been discussed with legal counsel, have been disclosed to you and are appropriately reflected in the financial statements.
- 18. All liabilities and contingencies, including those associated with guarantees, whether written or oral, have been disclosed to you and are appropriately reflected in the financial statements.
- 19. All "off-statement of financial position' financial instruments have been properly recorded or disclosed in the financial statements, as applicable.
- 20. With respect to environmental matters:
 - a) at year end, there were no liabilities or contingencies that have not already been disclosed to you;
 - b) liabilities or contingencies have been recognized, measured and disclosed, as appropriate, in the financial statements; and
 - c) commitments have been measured and disclosed, as appropriate, in the financial statements.
- 21. The Society has satisfactory title to (or lease interest in) all assets, and there are no liens or encumbrances on the Society's assets nor has any been pledged as collateral.
- 22. The Goods and Services Tax (GST) transactions recorded by the Society are in accordance with the federal and provincial regulations. The GST liability/receivable amounts recorded by the Society are considered complete.
- 23. Employee future benefit costs, assets, and obligations have been determined, accounted for and disclosed in accordance with the requirements of PS 3255 *Post-employment* benefits, compensated absences and termination benefits.

Other

24. We have considered whether or not events have occurred or conditions exist which may cast significant doubt on the Society's ability to continue as a going concern and have concluded that no such events or conditions are evident.

Yours very truly,

Jhamily Estrada, Chief Financial Officer

| Auditors must effectively manage audit quality, both at the firm level and the engagement level. The IAASB recognised a need to strengthen standards addressing quality control and the AASB implemented similar changes to those made at the international level. In January 2021, the AASB unanimously approved the suite of quality management standards. | | |
| CSQM 1 introduces a new approach to "managing quality". Quality management is intended to be proactive in nature and
to be a continuous process. Implementing the new standard requires firms to analyse and enhance many of their internal
processes to achieve effective quality management. This standard replaces the extant standard, CSQC 1 Quality Control

| CSQM 2 deals specifically with the topic of engagement quality reviews (EQRs), which are performed by firms to obtain an objective evaluation of the significant judgments made by the engagement team and the conclusions reached. The standards setters recognized the importance of EQRs and noted that many stakeholders (including oversight bodies) were concerned that the requirements of CSQM 1 with respect to EQRs were not sufficiently robust. As a result, CSQM 2 was issued. CSQM 1 deals with the topic of when an EQR should be performed, while CSQM 2 covers the appointment and | beginning on or after December

| New reporting standards were required to be applied for audits of entities with periods ending on or after December 15, 2018. One of the updated standards, CAS 701, dealt with the requirements when the auditor would be communicating matters judged to be most significant to the audit in the audit report, either because the auditor had chosen to do so or because law or regulation required key audit matters to be described in the auditor's report. | The communication of key audit

| Revisions to CAS 315 Identifying and Assessing Risks of Material Misstatement | | |
| In July 2018, the IAASB issued an Exposure Draft proposing changes to ISA 315 that could drive more consistent and
effective identification and assessment of the risks of material misstatement by auditors. The AASB published an Exposure
Draft of the equivalent Canadian standard, which included the same proposed revisions as the ISA with no Canada-
specific amendments. The revised CAS 315 has been issued and key amendments to the standard include the following: | Periods beginning on or after

Potential revisions to CAS 500 Audit Evidence

The current audit evidence standard was issued many years ago. Since then, developments in technology have affected how entities operate and process information and how audits are performed. In December 2020, the IAASB initiated a project to revise the current standard to respond to changes in the business environment. The Exposure Draft proposes several key changes:

- To respond to changes in the information auditors use, including the nature and source of the information, a set of attributes has been developed to enhance the auditor's principle-based judgments related to audit evidence in a wide variety of circumstances. Enhancements and clarifications have also been made regarding the auditor's role when using information prepared by management's expert
- To modernise the standard and support a principles-based approach that recognises the evolution in technology, new
 application material has been added, including explanations of how automated tools may affect auditor bias and
 examples that recognise the use of technology by the entity or the auditor
- To foster professional skepticism when making judgments about information to be used as audit evidence and sufficient
 appropriate audit evidence, language has been added to emphasise the importance of maintaining professional
 skepticism at various stages, such as when attempting to ensure that audit procedures are being designed and
 performed in an unbiased manner.

The comment period for the Exposure Draft ended on March 15, 2023. It is expected that the effective date for the revised standard will be for periods beginning in 2025, but the exact effective date will depend on when the standard is approved.

Potential revisions to CAS 570 Going Concern

Auditors are required to obtain sufficient appropriate audit evidence on the appropriateness of management's use of the going concern basis of accounting and conclude on whether a material uncertainty exists in relation to going concern. Financial statement users have raised questions about how much auditors should be able to detect from their audit procedures in this area, and what is communicated to users about the entity's ability to continue as a going concern. This led the IAASB to initiate a project to revise the standard. In April 2023, the IAASB issued its Exposure Draft and the AASB has issued a corresponding Exposure Draft. The Exposure Draft proposes several key changes, which include:

- · Defining material uncertainty related to going concern
- Enhancing the risk identification and assessment requirements so they are consistent with those set out in CAS 315 (Revised) *Identifying and Assessing the Risks of Material Misstatement*
- Enhancing the auditor's evaluation of management's going concern assessment, including requirements to support the auditor's application of professional skepticism
- Adding a requirement for the auditor to request management to extend its going concern assessment of the entity to cover at least 12 months from the date of approval of the financial statements if management has not already done so
- Enhancing the auditor's consideration of information related to management's going concern assessment that becomes available to the auditor after the date of the auditor's report but before the date the financial statements are issued
- · Adding requirements to enhance communications about going concern in the auditor's report.

The comment period for the Exposure Draft ended on July 31, 2023. It is expected that the effective date for the revised standard will be for periods beginning in 2026, but the exact effective date will depend on when the standard is approved. GT is currently considering the impact of this standard for applicability.

Strategic plan for not-for-profit organizations in the public sector

Since 2012, government not-for-profit organizations (GNPOs) have been required to adopt PSAS but were given the option of applying the specific GNPO accounting standards (PS 4200 series) in PSAS. Some GNPOs have utilized those standards, while others have not. The PSAB recognized that a "one-size-fits-all" approach may not be appropriate for all stakeholders. In March 2022, having deliberated feedback from two Consultation Papers, the PSAB decided to incorporate the PS 4200 series, with potential customizations, into PSAS as its strategy for GNPOs. This solution was defined as reviewing and amending, as appropriate, the PS 4200 series guidance and incorporating it within the PSA Handbook available for all public sector entities to apply, if appropriate. That is, the existing standards in the PS 4200 series will be reviewed to determine if they should be retained and added to PSAS. This may involve amending standards to update them and ensuring consistency with PSAB's conceptual framework. The PSAB believes this strategy will likely:

- improve the comparability and understandability of financial statements, as all public sector entities would be applying a common reporting model;
- provide the PSAB with a tool and some flexibility to address matters warranting a different presentation or accounting treatment for GNPOs when appropriate; and
- make some of the guidance currently found only in the PS 4200 series available to all public sector entities with similar transactions, improving comparability and consistent application of accounting standards.

The implementation plan for this strategy was approved at its June 2022 meeting, and an overview of the implementation plan was presented at its December 2022 meeting. The current ordering of standard level projects will start with tangible capital assets as well as contributions (including endowments), then controlled and related entities, finishing with the reporting model. The capital asset project will focus on proposing amendments to Section PS 3150 *Tangible Capital Assets*, as a result of reviewing Section PS 4230 *Capital Assets Held by Not-for-Profit Organizations* and Section PS 4240 *Collections Held by Not-for-Profit Organizations*. PSAB plans to consult stakeholders throughout the implementation phase and approve an Exposure Draft in the Fall of 2023.
